year at

ULANE

UNIVERSITY OF

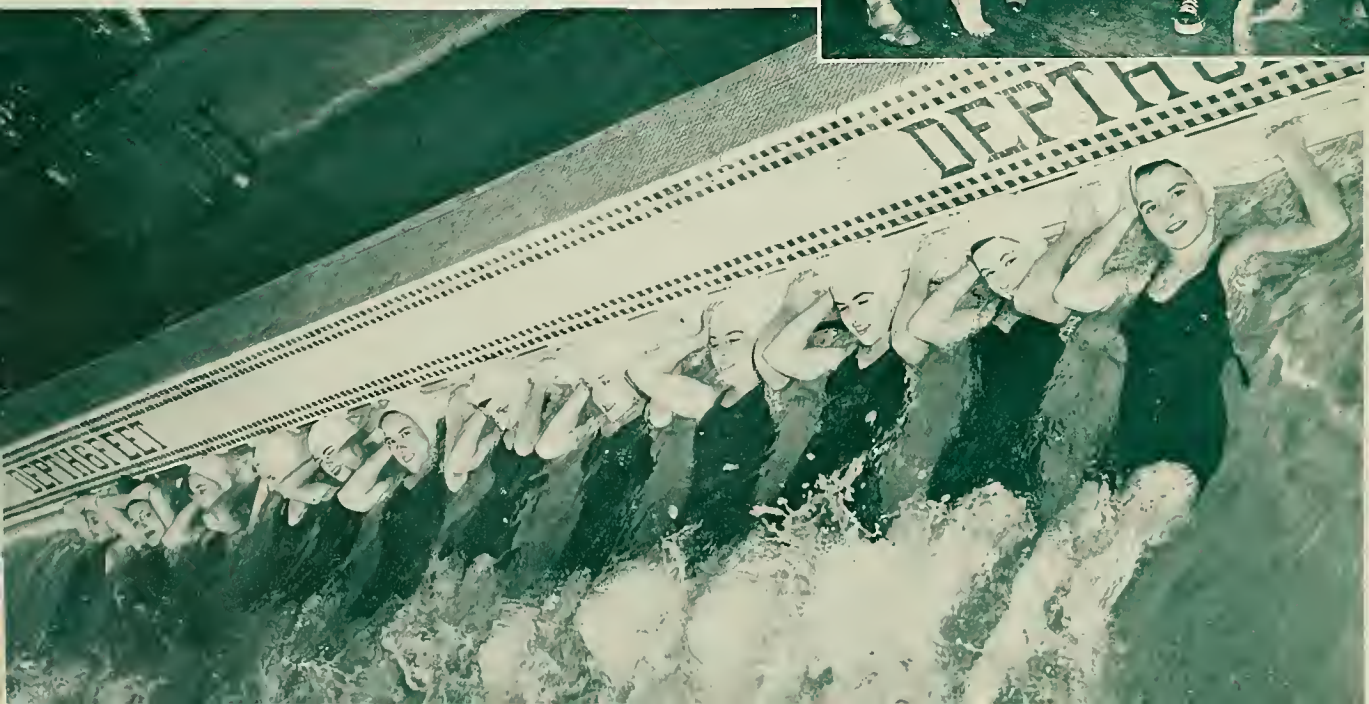

NEW ORLEANS, LA.

much of consequence

SEPTEMBER

Sept. 15, 16, 17—Registration—final total 6,566—less veterans, but still a good crowd . . . Sept. 20—HULLABALOO, under the Editorship of Phil Harsham was given All-American rating for the second straight year . . . Sept. 24—Campus Night show one of the best in years—Orchids to "Footsie" Holbrook, 1948-49 Chairman . . . Sept. 25—Greenies open football season with 'Bama and win in a thriller, 21-14 . . . Sept. 27—Students begin asking about 1947-48 Jams—referred to Steve Ellis . . . Sept. 28—Publications Board selects Tom L. Williams as Business Manager for this Yearbook . . .

and inconsequence occurred

OCTOBER

Oct. 2—Green Wave journeys to Atlanta, plays conservative ball, and drops a heart-breaker to Ga. Tech, 13-7 . . . Oct. 3—Begin taking photos for Jamb—most many show up the first week . . . Oct. 5—Ed Martin, former Jamb Editor, appointed Editor of the Tulanian . . . Oct. 9—In a game marred by "beaucoup penalties" Tulane downed South Carolina, 14-0—should have been more . . . Oct. 16—The Green Wave, playing inspired ball, defeat a favored "Ole Miss-Barney Poole" team 20-7 . . . Oct. 18—'48 Jamb arrive—Copenhaver and Schumacher begin distribution . . . Oct. 18—The TUT-Little Theatre present their first performance of year—J. B. Priestley's "An Inspector Calls"—not up to par . . . Oct. 21—Senator Glen Taylor speaks at McAlister and actually garners a few votes . . . Oct. 23—Tulane defeats Auburn unimpressively, 21-6—George Kinek is only bright spot of game . . . Oct. 25—Homecoming Festivities start off with Radio Jamboree program . . . Oct. 27—Dixiecrats put W. H. "Little Eva" Talbot and John

U. Barr on stand to explain States Rights to the students . . . Oct. 28—"The Mikado" opens at Dixon Hall and proves to be highly entertaining . . . Oct. 29—Students stage big "Pep Rally" and "Shirttail Parade" downtown on eve of Homecoming football game . . . Oct. 30—Greenies down Miss. State, 9-0, in a tight defensive battle—Kinek and Price shine—Kotteman blocks kick—Violet Whitehead is prettiest Homecoming Queen in years—Homecoming dance, under direction of Lagniappes and Bill Weil, and featuring music of Henry King, is also a big success—a good time is had by all in one of the biggest homecoming in years.

NOVEMBER

Nov. 1—"Who's Who" chooses 28 students from Tulane . . . Nov. 2—Dewey wins in Tulane Mock Election—Truman a poor third just a few votes ahead of Wallace—just goes to show you . . . Nov. 5—Canterbury Club has a "levee party"—a religious organization at that!!! . . . Nov. 6—Green Wave, with Price making his bid for All American, rolls over V.M.I., 28-7 . . . Nov. 9—Fraternalities argue "pro and con" of Pan-Hel touch football and arrive at no agreement . . . Nov. 10—Warren House defeats Doris Hall by one penetration—the gals seem to be catching on to football, but fast . . . Nov. 13—Green Wave crushes Baylor, 35-13—all Bowls take note . . . Nov. 13—Kappa Sigma has first gala fraternity formal of year . . . Nov. 14—Dekes celebrate 50th year on Tulane campus . . . Nov. 15—Audience very receptive to TUT's second amusing production, "The Merchant of Yonkers" . . . Nov. 19—"Kampus Karnival" for University Chest Drive is huge success—hats off to Torrie Jones, Chairman . . . Nov. 19—Chi Omega Formal . . . Nov. 20—Football team goes to Cincinnati, and squeezes by the U. of Cincinnati, 6-0 . . . Sigma Alpha Mu has annual Orchid Formal . . . Nov. 27—Green Wave, playing like National Champs, down L.S.U. 46-0 and wait for Bowl bid, which is never received—students howl in protest.

DECEMBER

Dec. 3—Pi Kappa Alpha has its Dreamgirl Formal and crowns Fran Dalton this year's Dreamgirl . . . Dec. 4—Tulane downs Texas in a fast basketball game—still undefeated . . . Dec. 5—Phi Delta Phi, honorary legal fraternity, taps 45 and honors same with a

FALL

is the time

banquet . . . Dec. 8—Senator Fulbright speaks on stopping Communism . . . Dec. 9—Festival choir presents Handel's "Messiah"—huge success . . . Dec. 10—Delta Tau Delta Formal . . . Dec. 11—Kappa Alpha Formal . . . Dec. 14—Xmas holidays begin . . . Dec. 14—(At night of course) Alpha Tau Omega formal . . .

JANUARY

Jan. 6—School resumes . . . Jan. 7—Phi Mu Formal . . . Jan. 10—Mansour and Pennington win out in Moot Court finals . . . Jan. 14—"The Gondoliers", put on by Tulane-Newcomb Choral Groups, opens and "goes over big" . . . Jan. 14—Greenies trounce L.S.U. 71-51—Perkins stars, as usual . . . Jan. 15—Frank Bell, Jr. elected President of A.P.O., national service fraternity . . . Jan. 17—Thomas C. Wicker, Jr. elected Editor-in-chief of the Tulane Law Review . . . Jan. 20—Exams begin—oh joy!!! . . . Jan 21—Publications

for football and what goes with it

Board names Pat McCauley and Paul Newman, Co-Editors, and Thomas McBride, Business Manager of the Hullabaloo for the rest of the school year . . . Jan. 29—College of Commerce holds only mid-term graduation exercises for 62 Graduates . . .

FEBRUARY

Feb. 2, 3—Registration for 2nd "go-round" . . . Feb. 4—Phi Delta Theta formal at Country Club is gala affair . . . Feb. 5—Students enjoy "Spike" Jones and his "City Slickers" at McAlister . . . Feb. 6—Frnka named S.E.C. Coach of the Year . . . Feb. 10—Archibald Mac Leish, outstanding statesman and poet, speaks on "The Nature of the World Crisis" . . . Feb. 11—Basketball team winds up 3rd perfect season on home court by downing Ole Miss, 74-34 . . . Feb. 11—Delta Sigma Phi Formal . . . Feb. 12—Alpha Epsilon Phi Formal . . . Feb. 13—Greenbackers honors basketball team . . . Feb. 14—A.P.O. takes in 10 new members . . . Feb. 16—Dr. Harvey Lee Marcoux died of heart attack at age of 50 . . . Feb. 18—Phi Kappa Sigma Formal . . . Feb. 19—Air R.O.T.C. Military Ball . . . Feb. 23—Martha Graham (Miss Hush) comes to campus . . . Feb. 19—Anita Yancey elected President of the

WINTER

is for formals, furs

of mighty Kentucky. . . March 7—Natalie Roeling elected President of Newcomb Honor Board . . . March 8—Edmund Reggie, Senior Law Student, reads a Detective magazine and discovers that the janitor in Law School is a "Wanted Murderer"—gets \$100.00 reward and a lot of good publicity . . . March 10—Regionnal Social Science Conference, sponsored by the Tulane Graduate School, begins . . . March 10—Spring Choral concert—enjoyed by all . . . March 11—Helen Hayes tells Tulane Thesbians to let Broadway come to them . . . March 11 (night)—Beta Sigma Omicron has a formal—Greenbackers has a square dance—Phi Kappa Sigmas board President for boat party . . . March 16—Newcomb Swimming Club (Barracudas) presents their annual water pageant—Vivian Van

Newcomb Student Body, under new petition system, succeeding Bea Rault . . . Feb. 24—Chapter of Pi Sigma Alpha, national honorary political science fraternity, is instituted on campus . . . Feb. 25—Tulane and L.S.U. tie up in basketball again—we win again, 72-45, and in Baton Rouge . . . Feb. 26—Bill Dudley, Engineering freshman and Olympic swim star is voted outstanding Southern Athlete of 1948 . . . Feb. 27—Tulane debaters (Glendy Burke sponsored) win second place in Azalea Debate Tourney . . .

MARCH

March 1—Mardi Gras—enough said . . . March 2—Theta Nu, honorary Journalism fraternity, elects 26—March 3—Alpha Omega Alpha, honorary Med School fraternity, selects nine . . . March 4—Kappa Kappa Gamma formal . . . March 5—Tulane basketballers gain finals in S.E.C. Tournament with straight victories over Alabama, Georgia, and L.S.U., only to go down in defeat 68-52 at the hands

basketball and Christmas

Bever, President, deserves a line for a job well done . . . March 17—Warren Mix urges Student Council action on his Loan Fund plan . . . March 18—Fraternity Skit Nite—Delta Sigma Phi wins with ZBT a close second . . . March 19—Football clinic and intra-squad game—Greens win 7-2—Bonar and Kottelman shine . . . March 19—Sigma Chi Formal—Mary Kay Hickey is a lovely 1949 Sweetheart . . . March 21—Robert L. Cox elected President of Greenbackers . . . March 22—"Pyramid Clubs" are "rage" for

SPRING

time is for love

2 weeks, then die out as did "Chain Letters" . . .
March 25—Kappa Alpha Theta Formal . . . March 26

APRIL

April 1—(April Fool's Day)—AOPi Formal that
night . . . April 2—Pan-Hellenic Champagne Party and

and that for which is incidental thereto

Formal . . . April 4-9—Elections hold interest on campus—Conino, Saucier, Haygood, Roussel, Mix, Yancey, Viosca, and Davis appear to be next year's Student Council . . . April 5—Roland J. Sternfels elected Speaker of Glendy Burke . . . April 6—Bill Jenkins elected President of Theta Nu . . . April 8—A & S Dance; Delta Zeta Formal; and Nu Sigma Nu Formal . . . April 9—Greenies' Baseball nine plays better ball and downs Springhill, 12-4 . . . April 9—ZTA and ZBT have formal . . . April 11—Tulane joins rest of the world in prayer for Kathy Fiscus . . . April 13-18—Easter holidays—beaucoup house parties . . . April—Sam Parker, Jr. voted "Ugliest Man" on campus . . . April 20—C. Stocker Fontelieu gets outstanding Theater student award . . . April 21—Pi Beta Phi Formal . . . April 22—Barristers have another Brawl

—Delta Sigma Phi has a "Sailor Party" . . . April 23—Baseball team wins double-header from Ole Miss—Tennis Team, paced by Tuero, also wins again . . . April 29—Campus Night, a hit again—Copenhaver introduces Jamb Beauties—Commerce Dance—Alpha Delta Pi Formal . . . April 30—Kappa Nu Formal—Sigma Pi Formal—Phi Delta Theta South Sea Island party . . .

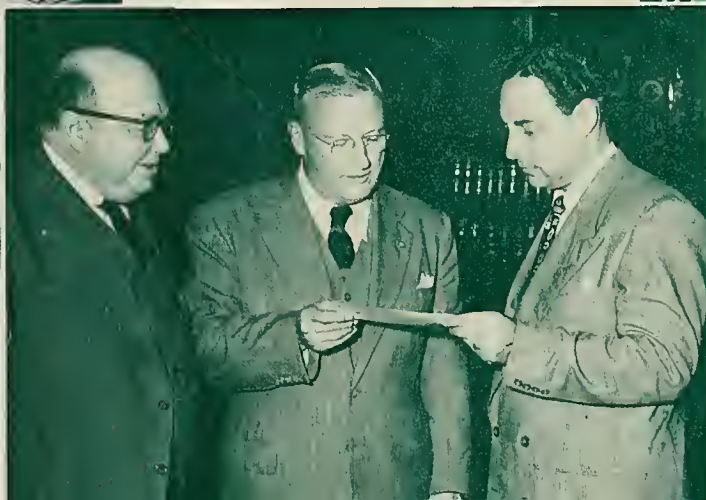

to the students at

The events of the year 1948-49 have made a little clearer and a little sharper the issues and the unsolved problems confronting the world today. The Class of 1949 has come now to the time when these issues and problems are theirs to meet. Society will not expect you to be master of all knowledge nor to have at hand neat answers for all the problems. The store of knowledge today is so great that no single mind can comprehend any substantial part of it, and the tempo of change in conditions is so fast that the nature of specific problems is altered while we study them.

What society will expect is that you be equipped with a store of significant knowledge by which you will be able to see clearly the nature of the facts in a given situation and the bearing each fact has on the problem at hand. You should know how to put these facts together into a meaningful pattern which will suggest a solution to be considered. You must be disposed intellectually to check your solution back against the facts and forward against the possibility of an even better one. You should have a deep sense of what is good and decent, and live by such values. Because you have been afforded university advantages, there is expected of you a return in more generous portions than of others.

This yearbook will bring back memories of these extraordinary days. But the clock can never be turned back. When you return to the campus Tulane will be living with a new generation, studying new problems, and meeting new needs. So it has been for over a hundred years, and so it must ever be if Tulane is to be useful. I hope that as alumni you will look courageously and hopefully toward the future. Your Alma Mater does so steadily.

TULANE ALUMNI ASSOCIATION

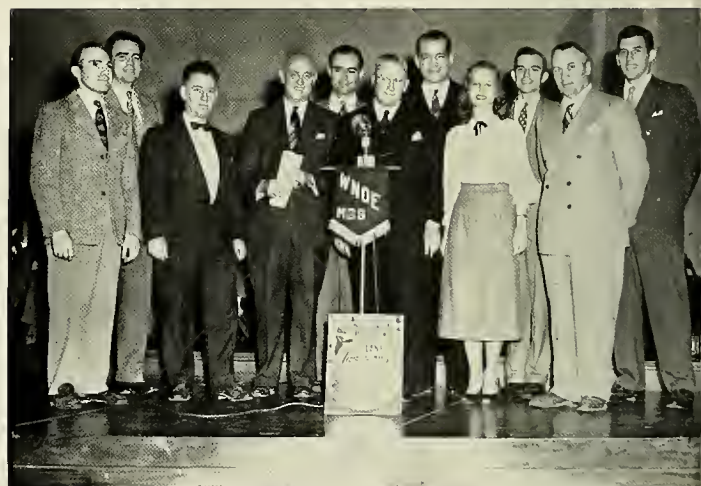

Professor Henri Wehrmann and the "Boys" at a Glee Club Reunion

The Tulane Alumni Association is composed of all graduates and former students of the University. The officers are housed in the Student Center Building on the campus. Records are kept on the activities of all alumni and efforts are made at all times to keep in contact with the former students. One means of achieving this is through the medium of the TULANIAN, alumni publication which contains news of the University and of alumni. This magazine is sent free of charge to all graduates and former students for whom the office has correct mailing addresses.

A representative from the Association welcome each

Guests at the 1923 Medical Class Reunion Dinner: Dr. C. C. Bass, Mrs. Bass, and Dr. Rudolph Matas

graduating class at Commencement. Active local alumni clubs have been organized in many parts of the United States and elsewhere.

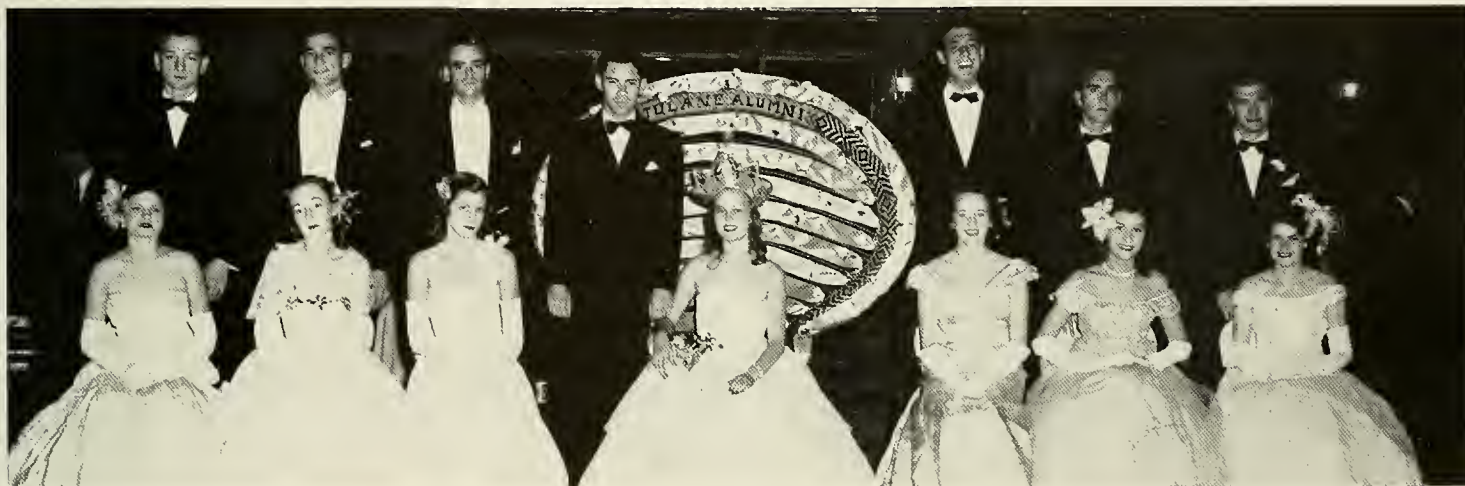

Each year the alumni sponsor Homecoming, a celebration which brings many grads back to the campus for reunions and other activities. On May tenth, the birth-date of Paul Tulane, alumni meetings are held throughout the country and a memorial services is held in Princeton, New Jersey.

The Third Annual Tulane Alumni Fund has been conducted by Class Agents and other representatives of the Association. The Fund has grown each year and is now of real benefit to the University's financial program.

Class Agent Joe McCarron goes over the Fund report with his coordinator, Clayton Nairne and Fund Chairman Dick Baumbach

T H E 1 9 4 9

This year was novel as far as the Jambalaya was concerned in that we had to sell it. Selling at \$3.00 per copy we finally ended up selling Jambs to around 2,300 suckers, I mean students, which by other college standards wasn't bad at all.

However the sale of it was not our only trouble. It seems as if when the photographer was there the students weren't and vice versa. As a consequence we did not finish taking pictures until February, 1949 (long after the intended deadline). Our biggest other trouble was, like all Yearbook Editors before us, procrastination in letting work pile up on us so that in March and April we really had to "hustle" to get the book out.

We were fortunate to have a very wonderful staff to work with and feel that much of the credit for this book should go to them.

We point with pride to our Features Section, especially the 4-color Beauty Section; the Sports Section; and the Snapshot Section. Also we are glad to have the undergraduate social fraternities back with us after a year's absence.

No Caption is that funny

T H E H U L L A B A L O O

It was almost old home week when the Hulla-baloo staff reassembled last September. With some exceptions, last years' crew came thru the summer unscathed and returned to wreak further journalistic mayhem.

Gone but not forgotten were columnist VIC GOLD, cartoonist JIM BLITCH, copy editor DALE SOLOMON and feature editor DIANE FARRELL. Most of the faces were familiar though. PHIL HARSHAM was still around, being a very capable editor while knocking out magazine articles on the side and ROSEMARY CARNES continued to focus the social lights. BILL JENKINS and ED ASHWORTH were still

PAUL NEWMAN and PAT McCAULEY
Co-Editors

LARRY HENNESSY
Business Manager

on the job though under new labels, Ed took over Bill's job of news editor while Bill moved up to the position of Associate Editor along with newcomer PAT MACULEY from Alexandria, La. Singer LARRY HENNESSEY went right on making like an efficient business manager, aided and abetted by crony TOM McBRIDE. Another familiar face was GEORGE ADOMITIS who replaced HANK THREEFOOT as head of the sports department. AL PERRY and JOHN GLEASON rounded out the sports staff.

Replacing the glittering Gold as columnist was small-voice-but-big-words ARTHUR BARRON while GEORGE NELSON and TOM-

I N 1 9 4 9

MY BEALE took up where BLITCH left off in the cartoon department. Hulla office scenery took a turn for the worse in the form of male replacements for Dale and Diane, to wit, PAUL NEWMAN and CHARLES RAMOND, copy and feature editors respectively. LEO COCO assisted Paul at the copy desk, while MARY DURLAND SAPP helped Rosie Carnes sift the social dirt. MARY LOU MOSSY (she of wampus-cat fame) wrote theatre reviews and CLINT EFFINGER handled news from the veteran's standpoint.

Supplementing the staff were editorial assistant RALPH POOLE, FORRETT RAU, ROSIE GARCIA, BUDDY RODRIGUE and JOHN BAKER. As circulation manager, FRANCIS

John Gleason and Rosemary Carnes—two Hulla standouts

PLOUGH made sure the papers got to their readers, with the help of JANET SCHARFF and JANE LEVY. LEON C. SOULE was business assistant.

The Student Council is the highest governing body of the Associated Students of Tulane University. It is composed of the presidents of the student bodies of each of the eight colleges of the University. The officers of the Council itself are chosen by an electoral college which is made up of members elected by their respective colleges.

The Council is vested with the government and supervision of the student body and all the activities thereof. Administration of the University Student Fund is one of the major duties of the Council, along with general supervision of all student elections and providing for the election of university cheerleaders. All organizations must be approved by the Council before they can become official activities on the campus.

OMICRON DELTA KAPPA

Omicron Delta Kappa is a national collegiate honor society of students and faculty, recognizing five phases of campus life: scholarship, athletics, social and religious affairs, publications, and speech, music and dramatic arts. Members are selected on the basis of character,

unselfish leadership and service, good scholarship and fellowship. Omicron Delta Kappa was founded at Washington and Lee University in 1914. Alpha Zeta Circle of Tulane University was established in 1930.

Kappa Delta Phi is the oldest honorary leadership fraternity at Tulane, having been founded in 1904, to reward and bond together in a solid union the men who have accomplished the most for Tulane. Membership is conferred each year upon no more than ten students chosen from the junior and senior classes and the graduate schools and upon one member of the faculty who have been conspicuous for school spirit and for distin-

guished and unselfish loyalty to and endeavor in behalf of Tulane.

Kappa Delta Phi has a two-fold purpose. It confers membership upon those singularly effective and successful in promoting school spirit and advancing university enterprise, and it binds together these men into an organization dedicated to further endeavor in behalf of Tulane.

NEWCOMB GLEE CLUB

OFFICERS

YVETTE MARIE WOLFE President

EVA LOUISE HELLMERS Vice-President

VIVIAN VAN BEVER Secretary

The men are in the middle, Girls

The Glee Club has sung at both Newcomb Memorial services during the year and the spring concert. It has participated in various other choral activities, such as the Christmas concert with the New Orleans Symphony Orchestra, Easter sunrise services, the Paul Tulane Day service, and the operettas.

The Glee Club's year started with the Radio Jamboree for Homecoming. It was Mr. Rex Wilder's initial public performance with the group and they sang a campus favorite from Mr. Wilder's Alma Mater, "When Night Falls." The plans for the year include radio broadcasts, recordings of Tulane Pep songs and Alma Mater, trips to Gulf Park, Rice Institute, and concerts at some of the local High Schools. For the football season, traditional serenades of the group on the campus and pep rally songs are the major issues. For basketball season they plan on having a barber shop quartet, and a songfest of Alma Maters for the Doubleheader basketball show December 4.

Einar Pederson, composer of the Tulane Drinking Song is expected back for the Christmas holidays from Texas, where he now lives. The annual party for the Glee Club will be a songfest of Barber shop Songs as it was last year. We are also planning on co-sponsoring a barber shop quartet contest with the Campus Nite program.

TULANE GILBERT AND SULLIVAN FESTIVAL COMMITTEE

The Tulane Gilbert and Sullivan Festival Committee was formed in the spring of 1948 for the purpose of planning and presenting a festival of nine shows (three performances of each of three popular G & S operas: MIKADO, IOLANTHE, PIRATES OF PENZANCE, in October and November of 1948. About 75 other Alumni joined the organization to promote it, but above all to sing and dance again in these shows. The festival was dedicated to Leon Ryder Maxwell upon the occasion of the 25th anniversary of Gilbert and Sullivan on the campus. The casts of the production were drawn from the "star" performers in the successful productions of past years.

The Messiah, 1948 version

Under the direction of Rex Wilder, the A Cappella Choir, composed of the most advanced singers of the University both male and female, has had a highly successful season this year. Perhaps the Choir's highest achievement this school was the concert which they presented in conjunction with the New Orleans Symphony Orchestra. Several concerts were held again this year and among them were the annual Messiah Concert and the Spring Concert. Other activities for which the Choir furnished the music included Convocation, Easter Services, Spring Opera, and Graduation.

The cheerleaders started this season of with only three returning squadmen and were hard put to arrive at the Alabama game with a coordinated group.

Blessed with an unusually good team to foster school spirit, they were able, with constant cajoling, to elicit a volume of cheering comparable only to Truman's ovation on his first post-election speech.

Their job was not so difficult as it had been for the past few years due to the team being such a good one. All the students wanted to yell when the team was winning, and this year they had a chance to yell quite a lot.

The Whole Group—Turn Around Tinky

First Row: Torrie Jones, Simmie Monroe, Lee Mowe, Anthony Ortega, Sherman Raphael. Second Row: David Schaefer, James Schneider, Philip Slipakoff, Wilmer Hinrichs.

Anthony Ortega, Speaker Glendy Burke

The purpose of the Glendy Burke Literary and Debating Society is to stimulate forensic activity among the students of the University. Limited in its membership to 49 male students, its meetings include extemporaneous orations and debates on topics of current interest. The varsity debate team is selected annually from Glendy Burke to represent Tulane University in intercollegiate debating. Among the awards given through Glendy Burke are the Carnot Medal for proficient oration on a topic related to French politics; the Terribery Prize; and the George Prize; and the Glendy Burke Medal for oratory.

The function of this association is to form a basis for cooperation between the faculty and the students. The piloting unit in this plan is the Student Council, which is composed of the officers of the association.

Any needed changes in Newcomb's constitution are proposed by the Council; all charters for

organizations on campus are granted; and at all times, the actions of the Student Council strive to embody the active work of an association of able and adult individuals. The aim of the Council is an efficient and representative self-government.

This year an attempt was made to create greater interest in the student body meetings by presenting outside speakers.

The Newcomb Honor Board functions to protect the rights of the students and to help them get the most out of their college work. The honor system is that form of student government by which the students' conduct in examinations, out-

side classwork, and other moral matters of the college are vested in the students themselves, rather than in the faculty. Violators of the rules of the honor system are dealt with by Honor Board, the judiciary body of the system.

The Newcomb Dormitory Council, which is composed of representatives from all of the campus houses, provides the resident student government for Newcombites living in the dormitories. It carries out the rules and regulations, tries offenders, and serves with executive, judicial, and legislative powers.

The Council also provides for entertainments by and for its members, working with all dormitory students for an efficient system of self-government in matters relating to the conduct of its members, both as individuals and as a social group. It attempts in these ways to obtain a well-rounded dormitory life.

The Newcomb Athletic Council is the governing body of the Newcomb Athletic Association which is composed of students who participate in athletic activities. On the council are representatives from each class, chairmen of major sports, presidents of the individual athletic clubs, and the chairmen of the four leagues: Dixon, Gibson, Howard, and Norman. Everyone in the Athletic Association falls into one of these four categories, as a method of competition.

The results of intramural competition may be either League or individual victories. Trophies are awarded the winning Leagues, and gold keys go to the winners of individual tournaments. Awards for the accumulation of individual points, which are given for all athletic participation, are, in order, a felt letter "N," a silver "N" pin, and a blazer jacket with the seal of Newcomb. These awards are given for enthusiasm and participation, not merely outstanding skill in sports.

Promoting interest in creative dancing of all types, the Newcomb Dance Club has progressed considerably under the enthusiastic direction of Miss Frances Bush. During the year the club supplies all ballet routines necessary operettas and

other campus productions. In the spring a recital is given in Dixon Hall and each member participates. The program this year included among other numbers the ballet of the Moldau by Smetana and a group of dances from operas. Membership is obtained by try-out.

New members of the Barracuda Club are chosen from the annual fall try-outs. These new members are known as Baby Barracudas and are initiated into the club in the Spring as full members after participation in the swimming pageant.

The Swimming Club sponsors the National

Telegraphic Swimming Meet and the Newcomb intramural swimming meet.

The main event of the club is the presentation of its annual water ballet. This year the Barracudas presented "Acquacade of Broadway," swimming to the popular favorites taken from Broadway musicals.

Beta Beta Beta is an honorary international biological fraternity which was founded in 1921. The Beta Lambda chapter was installed at Newcomb College in 1938. This society seeks to encourage scholarly attainment in the field of biological science by reserving its membership for those who achieve superior academic records and who indicate special aptitude for the science.

Interest is further stimulated by monthly lectures on some topic of biology or related science, given by outstanding scientists in that field. Field trips for collective purposes are planned twice a year, which afford the members and faculty a social outing as well as an educational trip.

Whoever heard of collegiate mechanics?

A. S. M. E.

The Student Branch of the American Society of Mechanical Engineers at Tulane is one of 124 active student branches composed of students who are pursuing courses leading to a Bachelor's Degree in Mechanical Engineering. Its objectives are: to broaden the student's acquaintance with the practical side of mechanical engineering, to keep him informed about engineering progress, to develop his initiative and ability to speak in public, to familiarize him with parliamen-

tary procedure and organization, and to enable him to establish fraternal contact with engineering students and practicing engineers.

Activities include meetings, technical movies, inspection trips, technical papers, talks, discussions, and social gatherings, with the annual banquet and annual convention being the highlights of each year.

Awards are given each year to the most outstanding member, and to the student presenting the best paper.

Any student of Newcomb College is eligible for membership in the Young Women's Christian Association, which meets twice monthly for open discussion, talks by outstanding civic personalities, and debates. Taking an active part in freshman orientation, the "Y," established in 1901, presents a program of well-rounded events to aid the freshman in becoming acquainted with the activities of the college.

"Y" traditions are the annual Christmas and Easter parties for a group of children from a local orphanage, and the Senior Baby Contest in the spring. With other organizations of Tulane, it annually conducts the Easter Sunrise Service, held in the Quadrangle of Newcomb College.

The Tau Beta Pi Association was founded at Lehigh University in 1885, by Edward Higgen-son Williams, Jr. It is dedicated to those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering. Its aim is to foster a spirit of lib-eral culture in the engineering colleges of America.

New members are selected from the upper scholarship brackets of the College of Engi-neering by vote of the chapter.

Tau Beta Pi was founded at Tulane in 1936.

Started in the fall of 1925 as the Zoology Journal Club, members met once a week and re-ported on current articles in zoology journals.

In the spring of 1926 it was reorganized on a fraternity basis and the name Beta Mu was sug-gested by Mrs. Geo. Bechtel, a member. The name comes from the words EK TOU BIOU MAN-THANE, meaning "learn from life." Throughout its history the primary object of Beta Mu has been to stimulate interest in biological research.

Theta Nu, honorary journalism fraternity, founded in 1926, seeks to stimulate all-round proficiency in journalism, especially among undergraduate students. Active participation in the preparation of the Hullahaloo, student newspaper, is particularly encouraged. A loving cup awarded annually for the best reporting was won last year by Philip Harsham.

Theta Nu's informal meetings, open to all students in the journalism department, feature informative talks by professional journalists designed to keep the students posted on conditions in the field. Honorary members of Theta Nu include L. K. Nicholson, President of the Times-Picayune Publishing Co., and columnist Dorothy Dix (Mrs. Elizabeth M. Gilmer.)

Lagniappes, the Student Dance Organization, started off the year in a bang-up fashion. The Annual Freshman Dance, held this year as always at the Gymnasium, was a huge success. Begun with the idea of having Tulane and Newcomb Frosh come and meet at a dance, the venture has proven to be very enjoyable for everyone—including the Freshmen. This year the floor was packed with the boys outnumbering the gals three to one which made it even better as far as the girls were concerned. Of course the fact that it was held the night of the open-

ing football game, and the fact that we won, helped to bring out the large attendance.

The Annual Homecoming Dance, held at the Municipal Auditorium, to celebrate Homecoming was likewise a smash. Henry King and his well known orchestra provided the best all around danceable music heard down this way in many an eon. The presentation of the Homecoming Queen and her Court was a highlight as in the past. Air-conditioning and "requestioning" of more tables made this Homecoming Dance the best in the past three years.

The function of the Intramural Council is to encourage the entire male student body to participate in organized athletic sports, and also to encourage participation in active recreation. The Intramural Council organizes and promotes competition between individuals and groups of stu-

dents and fosters the spirit of sportsmanship between participants and spectators.

In the past year, it organized both team and individual sports. The team sports for the year were football, basketball, and softball. The individual sports included handball, tennis, swimming, and a cross country run.

The purpose of this organization is to give entertainment to the Tulane University personnel—prepared and presented by University personnel. This year there were

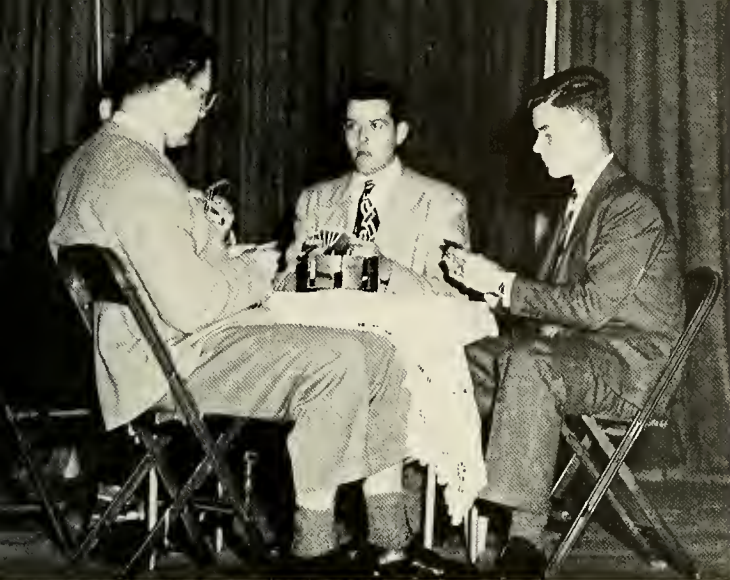

four Campus Night productions. To welcome all students, the first show "The Things We Did Last Summer" was a musical resume of the things that do happen in the sum-

Healy took Footsie's place as top Tulane magician

Footsie amuses everyone, except Pineapple

4 Hearts

Delta Sigs win again and put on fine show

mer. Although, this was the first show of the year, freshman as well as old talent was used.

The second production featured the fall concert of the Tulane Band, under the direction of Dr. J. J. Morrissey, and was followed by a Campus Night variety show, based on fantasy, which can only be found in "An Enchanted Garden," the theme of this production. For this, contrary to Tulane custom, a Mistress of Ceremonies presided.

After Christmas, the traditional Fraternity Skit Night was given which consisted of a number of the campus fraternities displaying their own talents, in competition with other fraternities.

The Campus Night year closed with a fourth production, the largest of the year, which included each member of the organization.

Under the chairmanship of Bradford Holbrook and the advisorship of Dr. Dan Mullin, the Organization has made changes in the content of material used and the manner of presentation to make this year one of the best for the Nighters and for University entertainment.

Greenbackers, honorary organization for promoting school spirit, has enjoyed an extremely successful year in fostering various student activities. To begin the year a "Get Acquainted Dance" was held for the Freshmen and new students. During the football season weekly bonfires were sponsored, and green freshman caps were sold before each game. For Homecoming a "shirt-tail parade" was held on Canal Street, and prior to the Ole Miss game a large mock football signed by students of the University was presented to Coach Frnka and the team as a symbol of the school's loyalty and support. Throughout the year Greenbackers continued to encourage an interest in the various intercollegiate sports, such as putting on short skits between the halves of several of the basketball games. For the third consecutive year the organization sponsored a sorority and fraternity singfest. Greenbackers takes an active part in life on the campus, and is ready when called upon to help with other functions.

1948-1949 found TUSK looking forward to better days of school spirit. With plans of the Alumni and the Board of Trustees looking to the construction of more dormitories for men and women on the campus, and a consequent closer binding of the Student Body of Tulane, the plans and functions of the Kulb were based on the future, attempting to iron out wrinkles of coordination among the school spirit organizations on the campus.

The first of these was the formation of the Pap Committee, tentatively composed of the three nuclear organizations—Greenbackers, Cheerleaders and TUSK. First suggested by Tom Power, past president of TUSK, and encouragingly coordinated by Claude Simons, Jr., Director of Student Activities, the committee acted as a unit in planning bonfires, rallies, parades, and publicity for the terrific teams fielded by Tulane in all sports this year.

The second plan was the orientation movie for Tulane students, which was to take the place of the conducted tours of the campus. The third TUSK project was the starting of the card display sections, which were fashioned after those of other Universities for the football season and the BLOCK "T" for the basketball gym, composed of Newcomb girls.

The main function of the organization has been to help instill in the Tulane student a feeling of oneness with the University and a pride in the traditions of one of the leading educational institutions of America.

FORUM BOARD

VIRGINIA COLEBECK	Chairman
Ann Colebeck	Mary Withers
John Marque	Noel Dillard
Hugo Wedemeyer	Rosemary Kenety

The Forum, a non-membership organization, holds weekly lecture-discussion meetings on topics of general interest. Meetings, which are open to the public, are held informally in the Student Center Lounge on Tuesday nights. A guest speaker first presents his point of view, and the floor is then thrown open for discussion. The Forum thus affords students an opportunity to discuss topics of current interest with authorities in the field. Some of the topics arousing the most lively campus interest this year were: "States' Rights and White Supremacy," "Wallace and a Third Party," "The Woman's Place," "Existentialism," and "Academic Freedom—Can Teachers be Communists?"

Founded at Lafayette College, Easton, Pa. in 1925, Alpha Phi Omega is a National Service Fraternity composed of college and university men who desire to carry into their campus life the ideals and principles of Scouting.

Gamma Upsilon chapter, in carrying out its program of service to school and community during the 1948-49 session, conducted an information both for freshmen and newcomers to the campus, ushered at Easter Sunrise Services and the spring concert, and sponsored the traditional "Ugly Mug Contest," also, the University Chest Drive in which fraternities, sororities, and campus organizations participated.

A spirit of achievement, plenty of fun, and good fellowship prevailed at the annual banquet.

*Those listed with station behind their names are licensed amateurs.
During the past year the Tulane University Amateur Radio Club sponsored a program of activities which was extended to include all divisions of the University. Code and theory classes for prospective amateurs were set up and conducted by the Club. Messages were handled from Tulane students to their homes as well as messages between Tulane and Georgia Tech during the football game between the two schools.

An experimental television station, the first in the South, was set up by members of the Club in conjunction with the Physics Dept. and operated under the club's license, W5YU. New transmitters were put on the air and much government surplus electronic equipment was converted by members of the club for amateur use.

A main project of the Club was the International Federation of University Radio Clubs which will eventually bring together all university radio clubs in this country and elsewhere and will sponsor intercollegiate tournaments and schedules over the air.

Movies were held at frequent intervals at club meetings and several prominent radio people addressed the club. Discussions on various phases of amateur radio were held throughout the year. A regular schedule of operation of the club's station, W5YU, in the Physics Building, was put into effect.

The club stressed emergency preparedness this year and several pieces of emergency equipment were assembled. Checks were made to determine the effectiveness of the emergency equipment. The club affiliated itself with the American Radio Relay League and is taking part in the League's emergency preparedness program.

Club members have been able to communicate with other amateurs scattered all over the world through the Club's station in the Physics Building. Many interesting and novel contacts were made during the year and several new foreign countries have been added to the Club's list of foreign contacts.

To foster and maintain interest in mathematics among the students of Tulane and Newcomb continued to be the motivating force behind the Tulane Math Club.

Organized seven years ago by W. L. Duren, the Club presents to students the opportunity to hear and give talks on the so-called "popular" subjects of mathematics. This year, under the leadership of Grover Trammell, and with the assistance of Dr. J. Thompson, student participation was placed on a competitive basis by institution of the Math Club Prize, to be awarded at the end of each year to the student member giving the best talk.

The Physics Club made its appearance on the campus in the Spring of 1948. It was organized by a group of graduate and undergraduate students in Physics to foster and promote interest and activity in the field of Physics. Membership is open to students, alumni, and staff members of the University interested in the field. Its major activities have been periodic programs involving lectures and demonstrations concerning recent work of general interest.

Phi Sigma Iota was founded at Allegheny College in October, 1922 and became a national society on April 7, 1925, with the installation of Beta chapter at the Pennsylvania State College. The purposes and ideals established at the beginning are still the guiding principles of the more than forty active chapters of the Society. Phi Sigma Iota encourages high scholarship and individual research in the field of the Romance languages and literatures and the promotion of amity between our nation and the nations using these languages. It rewards outstanding attainments in the field by admitting to membership college teachers and the very best advanced students of the Romance languages.

Phi Kappa chapter was installed at Tulane in 1947 largely through the efforts of Dr. Victor Oelschlager, who became the first president. At the monthly chapter meetings scholarly papers are presented and discussed by the members. The outstanding undergraduate paper of the year is selected to represent the chapter in the annual National Essay Contest sponsored by the Society. One member is also chosen to represent Phi Kappa as a delegate to the National Convention held every three years.

The German Club was organized at Tulane to cultivate among the students a wholesome interest in the German language by the presentation of German speakers, German films, and other entertainments.

The club got into full swing at the beginning of the year with the initial meeting being held at the Deutsches Haus. Plans were carried out for increasing the active membership of the club, and ideas are being formulated for more diversified entertainment for the coming year.

The membership of the Sociology Club consists of students from both the Newcomb and Tulane Sociology departments and other interested students from allied fields.

This club was organized in 1946 with a two-fold purpose: to foster an interest in Sociology, and to allow those interested individuals an opportunity to meet and exchange ideas.

The Sociology Club meets once every two weeks and at these meetings a guest speaker is usually present. The members also have several parties during the year.

The Tulane Chapter of the American Institute of Architects was organized on January 6, 1947 for the purpose of establishing a liaison between the student and the practitioner. Its membership is limited to third, fourth, and fifth year architecture students.

The Society represents the school in all matters relating to the profession, finds employment in architectural offices for students during summer months and in general seeks to elevate the standards of the profession by stressing higher scholastic requirements.

The Tulane University Student Branch of the American Institute of Electrical Engineers provides the electrical engineering student with a society whose activities parallel those of societies of professional engineers. Student members come in contact with practicing engineers and their problems through technical study groups and joint meetings with the graduate branch of the A.I.E.E.

Technical activities conducted by the student branch of the A.I.E.E. are the presentation of student papers, the showing of technical movies and field trips to industrial plants. Social activities consist of dances, wiener roasts and participation in the annual Engineer's Day skit and dance.

The American Society of Civil Engineers is primarily a technical organization which strives to advance its student members both professionally and socially.

Professional advancement stems from the contacts with prominent practicing engineers who attend the monthly meetings as guest speakers. Frequent field inspection trips to local construction sites aid the members in their application of textbook theory.

Representing the school of civil engineering, ASCE sponsors its own social events to further friendship among its members and takes an active part in the support of worthy activities sponsored by the university.

This year marks the 10th anniversary of the American Institute of Chemical Engineers on the Tulane campus. The Tulane chapter was organized in March 1938, and its first full school term was 38-39. In that year Professor Williamson and a group of students obtained a charter from the national headquarters and organized the nucleus of the present chapter. Time has changed the names on the membership roll, but under the guidance of Dr. Taylor our faculty advisor, our chapter has forged ahead and maintained the ideals and standards of our predecessors.

Membership in the "Institute" is open to all students interested in chemical engineering. The advancement of interest in the field of chemical engineering and the achievement of high scholastic standards among the students in the school of chemical engineering are the ultimate objectives of the organization.

Activities of the "Institute" include lectures, movies, and field trips encouraging student interest in the profession. The "Institute" further creates a means of contact between the undergraduate and the practicing engineer. All this helps to breach the gap between the class room theory and actual industrial practice.

Although technical in nature, the "Institute" sponsors social events which serve to strengthen the ties of friendship among the members. The chapter is also interested in aiding the students to realize their ambitions as chemical engineers.

Alpha Chi Sigma is a professional chemical fraternity open to qualified men in chemistry and chemical engineering.

The Alpha Tau Chapter was organized at Tulane in the spring of 1928.

The three objects of the fraternity are:

1. To bind its members with a tie of true and lasting friendship.
2. To strive for the advancement of Chemistry both as a science and a profession.
3. To aid its members by every honorable means in the attainment of their ambitions as chemists throughout their lives.

Active participation in Alpha Chi Sigma does not cease with the graduation of the student member. No matter where he seeks employment he will be close enough to one of the 29 professional chapters to share in its activities.

The Alpha Tau Chapter sponsors annually a freshman essay contest in Chemistry at Tulane. It also sponsors a safety program and maintains a display case in the Richardson Chemistry Building.

One of the newest organizations of the Tulane-Newcomb campus is the Student Affiliates of the American Chemical Society, which was established here during the summer session of 1945. With Dr. John Scott as its faculty advisor, the group functions to stimulate interest in the more modern advances in chemistry. Members have the opportunity to learn, and to express themselves in the various branches of their chemical interests by the presentation of originally prepared papers, and by informal discussions.

Who said good-looking girls didn't take chemistry?

The T.A.S., with membership open to all students in Architecture, is an organization whose purpose is to foster fellowship between the students in social and academic relationships, cooperation between the school and the students, and good-will between the School of Architecture and the other Engineering Schools.

T.A.S. founded in 1913 is one of the oldest organizations in the College of Engineering.

Old or new, they'll design it for you

An organization which represents, includes, and unifies all of the Baptist student activities on the campus, the Baptist Student Union seeks to preserve the relationship of the student with his church and to continue the religious education which his home church has begun. Thus, it acts as a connection link between the college and the church.

Pledging itself to promote the Christian movement, and to spread the Christian spirit by all means and at all times, the group welcomes those who share its ideals. In its various activities it desires to enlist Baptist students in a fellowship of church and social life; to unite the strength of the students in any program of special religious emphasis which may be undertaken; to interpret the faith in a way pertinent to the needs of the day; and to unite the intellectual with the religious in such a way as to produce the Maximum Life.

Canterbury Club is the official national organization of the Episcopal Church on the college campus. Every member or friend of the Church is eligible to participate in its program of worship, study, service and fellowship.

Pending construction of the Francis Lister Hawks Student Center, the weekly Wednesday morning services of Holy Communion and Thursday evening meetings and discussion groups are held in the temporary Student Room, 7020 Zimble Street, corner Audubon. The services of the Chaplain are available to all students of the University.

Christian Science Organization at the Tulane University of Louisiana was formed in December, 1943, and is authorized by the Manual of The Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts. Regular weekly testimonial meetings are held on the campus. Students and faculty members are invited to attend.

The purposes of this organization are to unite the Christian Scientists within the University in closer bonds of Christian fellowship, to welcome Christian Scientists entering the University; and to afford to the entire University the opportunity to learn the truth about Christian Science as taught in the Christian Science textbooks, the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science.

Gamma Delta is a National Lutheran Fraternity founded in 1934, by representatives from twenty mid-western universities. The Alpha Upsilon chapter was started at Tulane in 1942 and since then has been one of the leading religious organizations here. Meeting on the first and third Wednesdays of each month, the group strives to maintain and encourage Lutheran fellowship on the campus. Although primarily for Lutheran students, it welcomes members of all faiths who wish to join in their social and religious life. Pastoral advisor is Rev. Hugo Hartmann.

The Hillel Councilorship was founded at Tulane University in March, 1947. Its purpose is to provide information on current Jewish problems and to give to Jewish students at Tulane and Newcomb a full religious life while at school. Although founded on this campus only two years ago, the group has already made great strides and has a full program planned.

Scabbard and Blade, national honorary military science society, was reactivated on the Tulane campus in 1948 after a period of wartime inactivity. At present, its rolls include thirty-seven members chosen from outstanding cadet officers in the Air Force and Army Reserve Officer Training Corps.

Scabbard & Blade has sponsored several projects concerning military education in this city. It planned and gave the second Annual Military Ball this year, in addition to a series of informal social events such as the "famous" DUKW rides.

Under the guidance of its Captain, cadet Colonel Clinton W. Effinger, III, the Tulane Chapter, "E-B," has grown into a strong organization and a unifying force in the Air Force and Army R.O.T.C. units. Through its aid and influence, Scabbard & Blade has attempted to maintain the high level of military training in the Tulane R.O.T.C.

The Newman Club this year again sponsored a program of fostering the religious, intellectual, and social interests of the 2000 Catholic students at Tulane. "Social Responsibilities of the Catholic Student" was the Club's theme for the year, along with the 450 other Newman Clubs throughout the nation which comprise the Newman Club Federation.

Club functions were held regularly nine times weekly. Daily rosary and weekly Communion were stressed; discussion classes in philosophy and moral theology were offered; and lectures by guest speakers were given at the weekly Tuesday afternoon meetings in Gibson Hall. In addition, the Club sponsored many other events—a retreat, two Days of Recollection, a Christmas toy drive for orphans (which supplied three orphanages), and many social functions—the Fourth Annual Newman Club Variety Show Night, a Halloween party, Christmas caroling, Twelfth Night, a St. Valentine's Day party, Mardi Gras truck ride in the Krewe of Orléans, and finally a May formal to end the year on a high note of activity and achievement.

Clockwise, they are . . .

The Wesley Foundation for 1948 and 1949 was sponsored by Mrs. Frances Pollard and had a successful year. The many activities held by the group were enjoyed by all who participated. Activities for the year included: wiener roasts and hay rides, square dances, and Saturday afternoon get-togethers to listen to out of town football games. Each Thursday afternoon from 5 to 6 a meeting of the Foundation was held at which time outside speakers gave talks on topics of current interest.

Fellowship suppers once a month and "cokes and conversation" once a month have been the two forms of meetings carried out this year by the Westminster Fellowship, the organization on campus for all Presbyterian students.

The Fellowship suppers held in the Educational Building of the St. Charles Avenue Presbyterian Church, official designated church for Presbyterian students, are planned, prepared, and served by the students themselves. The supper is followed by a recreation period which includes such things as group singing and skits. The meetings are usually concluded by a student panel discussion, a guest speaker or a film.

"Cokes and conversation" is an informal discussion group held in the Canterbury Club rooms on Zimble St. Discussions led by either professors or students ranging from personal problems to world affairs are held at these meetings.

Other activities of the Fellowship include: the preparation of a handbook "The Informer" for the new Presbyterian students, an "open house" in September, the furnishing of Sunday school teachers to the local church and outpost churches and other social activities.

The Gargoyle Society was founded at Cornell University in 1901, expanding into a national organization in 1917. The Tulane Chapter of Gargoyle, the national architectural honor society, was established in 1923. Membership in the society is the highest academic honor which a student of architecture at Tulane may attain. Qualifications for membership include high scholastic average and a demonstration of leadership in the profession of architecture. Members are selected from the 3rd, 4th, and 5th year students of the School of Architecture. Active alumni make up the major proportion of the membership, carrying and sustaining in the profession the ideals and traditions of the Society, and materially aiding in their perpetuation. The Tulane Chapter sponsors an annual architectural design competition open to members of the sophomore and junior classes of the school.

The Tulane University Inter-Faith Council, organized in January, 1949, and open to two representatives and an adviser from each religious organization on the campus, has as its purpose the promotion of religious emphasis among students and an increased understanding on the part of students of the fundamental tenets of all faiths represented. The Council has as one of its annual projects the presentation of a Religious Emphasis Week, embracing addresses by outstanding clergymen of all religious backgrounds.

CY COURTNEY

President of TUSK, of A & S, and of the Glee Club, Cy took the campus by storm this year.

FLOYD LEWIS

Floyd is an Honor Law Student (Law Review) but still finds time to run the Student Council, Publications Board, and play touch football.

"FOOTSIE" HOLBROOK

As Campus Night Chairman Footsie has come through with the best shows we have had in years.

WHEELS, AND WHAT HAVE

"DIP" TREEN

President of Kappa Sigma and Chairman of the Pan-Hellenic Council, "Dip" also has interested himself in campus politics.

THOMAS L. WILLIAMS

Business Manager of the JAMB, a "wheel" in Commerce, and a boy we all like, Tom is first and foremost a married man.

HARRIS COPENHAVER, JR.

Cope has been a driving force on the Tulane Campus since February, 1946, and has never let up—this JAMB is his pride and joy.

ANTHONY ORTEGA

Jack is taking over where Wilmer Hinrichs left off with Glendy Burke and doing a fine job—also has numerous other activities.

BEA RAULT

Dynamic President of the Newcomb Student Body, Bea still thinks we should play Loyola in basketball.

MCRAE TURNER

President of Phi Delta Phi and Chairman of the Moot Court Board, Mac was the outstanding "Common-law lawyer" in Law School.

NOEL PARMENTAL

President of the A & S Senior Class, member of the Publications Board, Noel got up a picnic one time and now he's in the "Big Shot" Section.

DABNEY EWIN

Former Cheerleader Dabney is making his mark in Med School now, but is still very active in student activities.

DON LAGARDE

Meet the Engineers' St. Pat.—also on the Pan-Hellenic Council, Don is one of the Master Betas this year.

Y O U

JACK TERRY

President of the Med School Student Body, Jack was one of the original founders of TUSK and is also an outstanding performer on Campus Night shows.

BILL WEIDNER

President of the College of Engineering, Bill was also one of the ranking students in the "slide-rule" department.

GERALD ROACH

President of the College of Commerce, Gerald was an active member of the Student Council and had good grades "to boot."

WHEELS, AND WHAT HAVE

RUDY EASON

Rudy is the man who made us cheer and like it—also one of the most popular boys on the campus, he did the Sports Section herein.

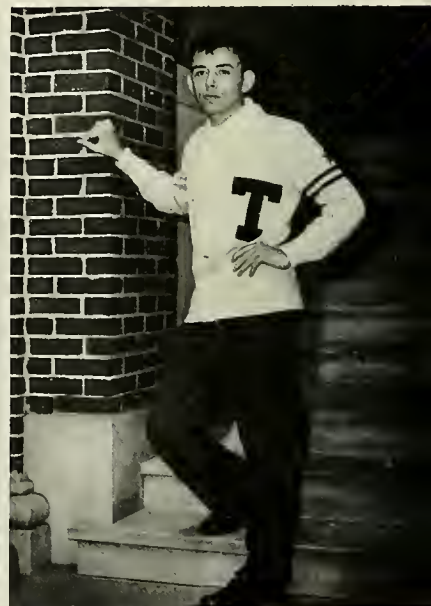

RICHARD FIELD

Another former cheerleader in Med School, Dick is Prexy of Nu Sig and is a very active member of Westminster Fellowship.

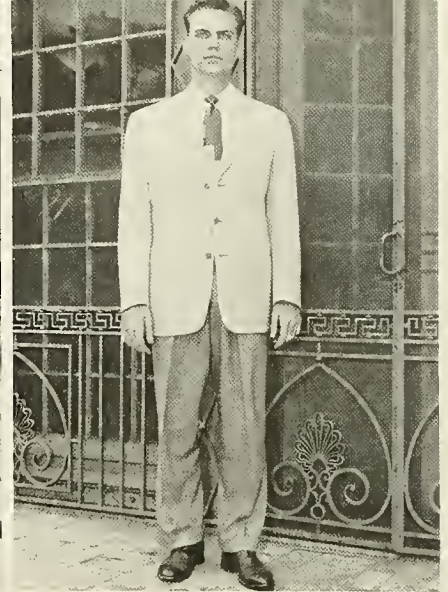

BOB PARSONS

Captain of the Track Team, President of Greenbackers, Bob was also elected to Who's Who this year.

ROSS BUCKLEY

Former President of the Dekes, President of La Societe du Droit Civil, Ross made better than average grades, even as a married man.

ROBERT LONGMIRE

An Honor Student in Engineering, Bob made ODK and has also been elected to several class offices.

BILL GORDY

Bill is a Phi Beta Kappa, past President of the International Relations Club, and has engaged in many other extra-curricular activities.

BETTY TURNER

President of the Honor Board and member of countless other Newcomb Organizations, Betty is that rare combination of beauty and brains.

Y O U

JACK WEINMANN

Manager of the football team, President of the Taffrail Club, Jack was the "Fair-haired boy" of DKE this year.

TOM WICKER

Editor of the Tulane Law Review, Tom is likewise Beta Gamma Sigma, Phi Delta Phi, Pi Kappa Alpha, Order of the Coif, and married.

COACH HENRY (S.E.C. COACH OF THE YEAR) FRNKA

FRNKA FULFILLS PROPHECY

Three years ago, Coach Henry Frnka arrived on Tulane's campus and set about the job of building a football team for Tulane. This was to be a tough job for there was a real shortage of material and the coaching staff under Coach "Monk" Simons had been disbanded, scattering far and wide. Coach Frnka then set about his work in a very business-like manner, doing the best he could against a tough schedule with the material on hand. Coach Frnka soothed the anguished alumni with the prophecy, "In three years I'll have you a bowl team."

That first year was a toughie. The schedule was rough and the men on the football team were just back from the service and not yet in top playing shape. During the second year there was criticism of the Coach and his boys for playing too close to their chest and not running wide open football. That year Tulane set the world's record for Sunday, or fifth quarter quarterbacks who could spot every mistake and even many that were never made. The cry was, "Look out for next year."

Next year arrived, and with it a great football team. As these pages will testify, the Coach and his boys came through with nine

wins and one loss—one black loss to a then powerful, dreaded Georgia Tech. After that the wind picked up and the Green Wave billowed to become the most powerful football team in the South, if not one of the top in the nation.

The Bowl Team was here and everyone was sure of it. We just sat back waiting for them to pick us, but the team was left waiting at the Stadium. The Bowl teams already selected feared for their reputations and passed Tulane by for weaker clubs who would be easier to beat. In some cases even this failed which added much to Tulane's consternation at not having been invited to appear in a bowl. There was talk of a post season game in Ladd Stadium in Mobile or a Tulane-Army game in the Stadium, but Southeastern Conference rules prevented all of these possibilities.

The cry this year is again "Look out for next year," for the Coach and his boys will not be denied as they were this past year. The mighty Green Wave is to wash clean all of its opponents in 1949. Our Bowl Team was here on schedule and was so good that people were afraid to play the Greenies. So herein lies the Jam-balaya's tribute to a team that was "great in 'forty-eight."

TIDE TURNED

Again the Alabama Crimson Tide found Tulane a jinx as the Greenies upset a favored Alabama grid machine, 21-14.

The Greenies scored their first touchdown in the second period when Bobby Jones cut back for seven yards and a tally. A 21 yd. pass from Ernst to Jimmy Glisson highlighted the drive.

Soon after the third period opened, Dennis Doyle jarred Ed White and the ball and Al Waller recovered on Bama's 32. Price and Glisson carried the ball to the 12 and an Ernst to Glisson aerial advanced the ball to the 4. On the next play, Price circled left end for the necessary yardage. Euell Davis' conversion was good.

Bad punt by Brown gave the Greenies another opportunity. Glisson and Price toted the ball to the 20 and Ernst fired to Dick Sheffield in the end zone.

Up until this point, the Tide was docile. Now the Red Elephant stampeded and Ed White and Charlie Davis sparked the drive.

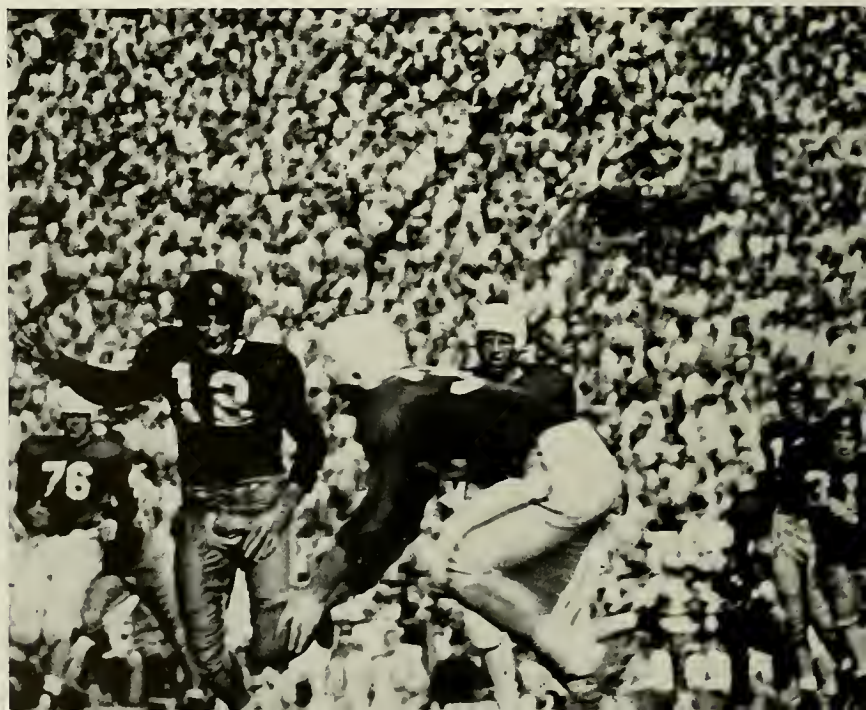

A Greenie bobble gave the Crimson a fourth quarter chance and Ed Salem and handy Charlie Davis put the Tide back in the ball game. The second half Bama surge kept the Greenie fans

Sheffield Catches For Our First T.D.

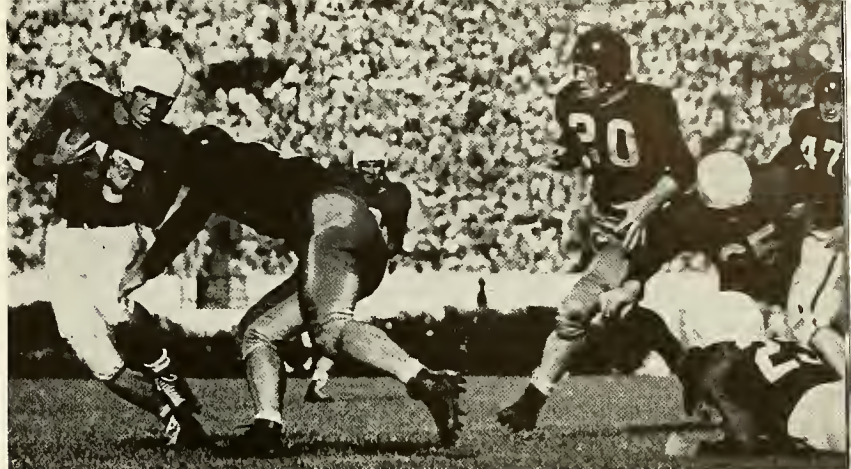

Davis Kicks First Extra Point

Nice Pick Up, Johnny

Dick Hangs On

Hit Him in the Mouth, Ed!

on edge and it was not until Jones intercepted a Salem pass in the closing minutes that Tulane fans could relax.

Bama gambled from the outset. Salem and White kept pitching until their aerials connected. Rebel Steiner was the favorite target.

Joe Ernst proved to be an effective "T" engineer. The virtual unknown held his own with highly-heralded Ed Salem.

TECH-NICAL TROUBLE

Tulane's Green Wave rolled to Atlanta for the second fray of the season and Georgia Tech's Yellow Jackets provided the sting, downing the Greenies 13-7 in a gruelling contest.

Frank Zeigler, an old Tulane pigskin nemesis, gave Tech an early lead as he squirted through the line, cut for the sidelines and scored on a 53 yd. jaunt.

In the second quarter, Georgia Tech added another tally when Jim Southard scored on a short quarterback sneak after a 40 yd. Southard-McCoy aerial put the ball in scoring position.

Following the next kickoff, Greenie power asserted itself. Taking the ball on their own 38, the Greenies covered 62 yds. in 11 thrusts. The drive was highlighted by a 29 yd. aerial from Joe Ernst to Dick Sheffield who was finally stopped on the 6. Bill Svoboda bulled his way to the 1 and Ernst added the necessary yard.

Both teams concentrated on defense in the second half. Frank Zeigler, Tech standout, was sidelined by injuries, but his replacement Humphreys showed well. The Greenies had two opportunities to knot the count or forge ahead when Bob Franz and Clemon Bounds recovered fumbles deep in Tech territory. However, the Tech line dammed the Wave.

Paul Lea, Bob Franz and Rex Partridge spent most of the afternoon in the Tech backfield, stalling reverses and harrassing passers Tulane line depth became apparent as a steady stream of replacements came through with high-caliber performances.

The Greenies served notice to future opponents.

GAMECOCKS BAGGED

A plucky flock of Gamecocks succumbed to a second half Tulane surge 14-0, before 35,000 spectators at Tulane stadium. Pre-game dope established the Greenies as prohibitive favorites but the spirited play of the South Carolina eleven frequently stalled the Frnka machine in scoring territory.

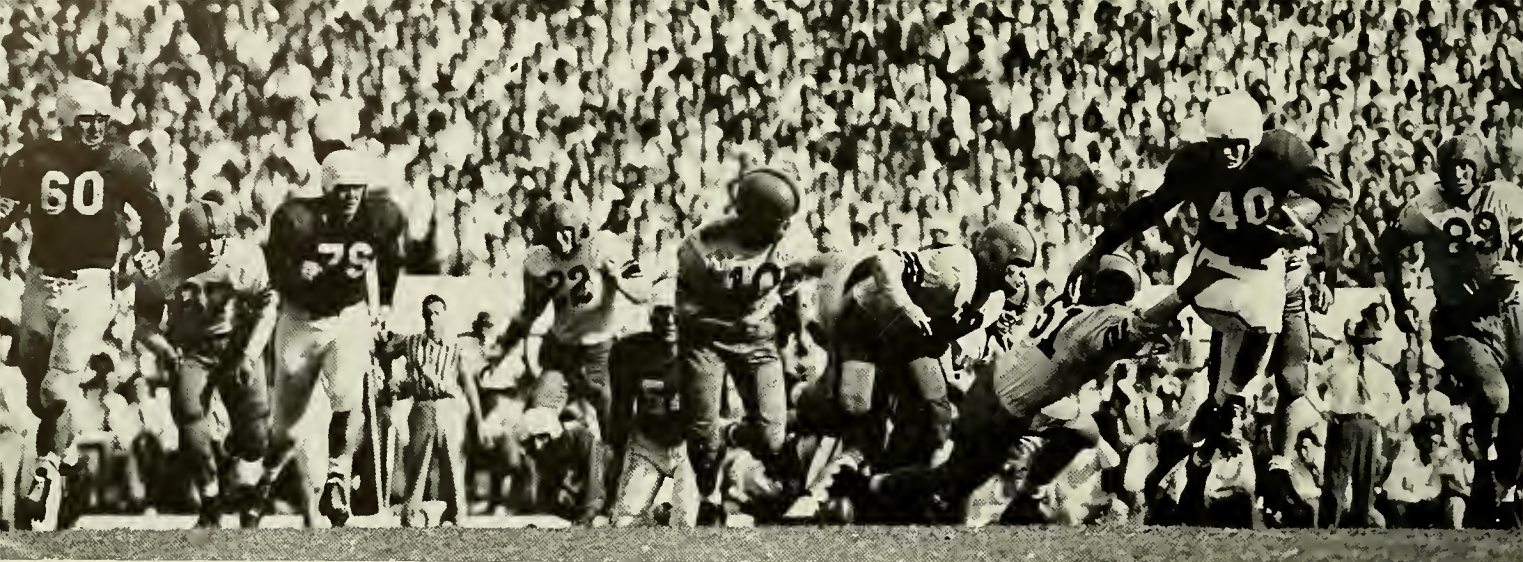

Two lightning-like thrusts accounted for the tallies. Stopped on the ground, Tulane took to the airplanes. Joe Ernst pitched alternate tosses to Jones, Sheffield and Jones, placing the ball

Tulane	.	.	0	7	0	0
Ga. Tech	.	.	7	6	0	0

Somebody Puleeze Take the Ball!!!

John Leaves Barney Flat Footed

Tulane	.	.	0	0	7	7
S. Carolina			0	0	0	0

on the 36 yd. line. Three plays later, Ernst lofted a high toss toward the end zone and Dick Sheffield gathered it in as he crossed the goal.

Midway in the last period, Eddie Price circled left end for 15 yards. Four plays later, he bounced through the middle and loped to the 26. A Keeton-Doland aerial advanced the ball to the 19. With fourth down coming up and three to go, Johnny Sikora slipped through a hole on the left side of the line, outmaneuvered a host of secondaries and crossed the payoff stripe. It was the most sensational jaunt of the game. Euell "Tiny" Davis' second conversion completed the afternoon's scoring.

Carolina threatened once in the second half with Bishop Strickland moving the ball to Tulane's 27. He managed to add seven yards before the Greenies took over on downs.

Statistically, the Gamecocks were outclassed. The Greenies had a 14-6 first down edge and romped for 330 net yards gained. South Carolina managed to sift through the Greenie forward wall for a 99 yd. total.

MISSISSIPPI MASTERED

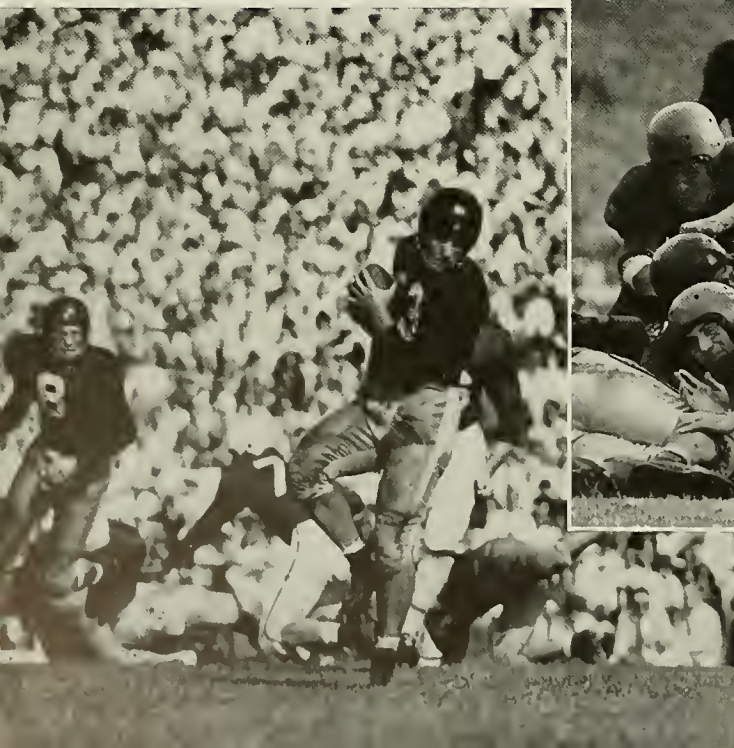

Blending an aerial attack and powerful line play to advantage, Tulane trounced the University of Mississippi, 20-7. The passing combination of Farley Salmon to Barney Poole was checked and the Rebels were stymied.

Joe Ernst's passes accounted for one touchdown and set the stage for another. Dependable Eddie Price tripped through the entire Mississippi team on a 26 yard jaunt for the third tally.

Paul Lea, versatile tackle, engineered the first touchdown. He barged through the line to block Bobby Wilson's punt in the first period and Tulane recovered on the Mississippi 34. Price skirted left end to the 18 and Ernst flipped a pass to Joe Harper for the tally.

Ragged ball handling gave Tulane a chance to push over the second touchdown when Jerry

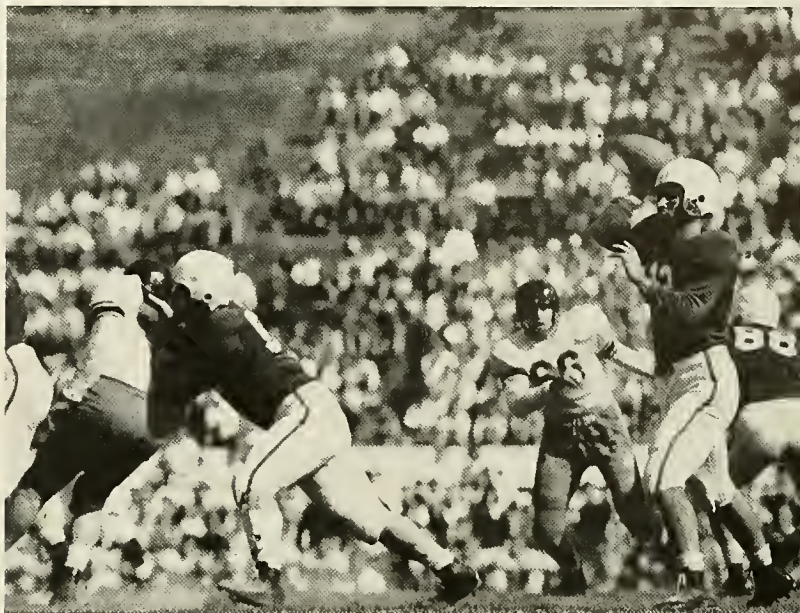

Every Now and Then This Happens

Many Men and a Blind One, Too

He Loves You, Dolan

Ernst Passes for Fifteen

Tibbler dropped a handoff from Salmon and Bill Svoboda recovered for Tulane on the Mississippi 28. When Tulane failed to gain on the ground, Ernst dropped back and tossed to Dick Sheffield on the 2. Jimmy Glisson took an Ernst lateral and skirted right end for the vital two yards.

Mississippi momentarily came to life when Dixie Howell blasted through the middle on a quick-opening play and outdistanced the Tulane secondary on a 60 yd. jaunt. The Rebels made another bid in the fourth quarter, but Emile O'Brien intercepted a pass on his own 5 to end the threat.

The Green Wave put on an unheralded passing attack that befuddled the defending conference champions.

AUBURN AWED

Scoring three touchdowns in the second half, a lethargic Tulane Green Wave added Auburn to their victim list, 21-6.

The Greenies made their initial scoring threat when they marched to the Auburn eight in the second quarter but the Tiger line steadied and halted the Wave.

Jimmie Glisson, diminutive halfback provided the spark in the third period revival. With a series of pass catches and runs, he set the stage for Eddie Price's 15 yd. touchdown jaunt.

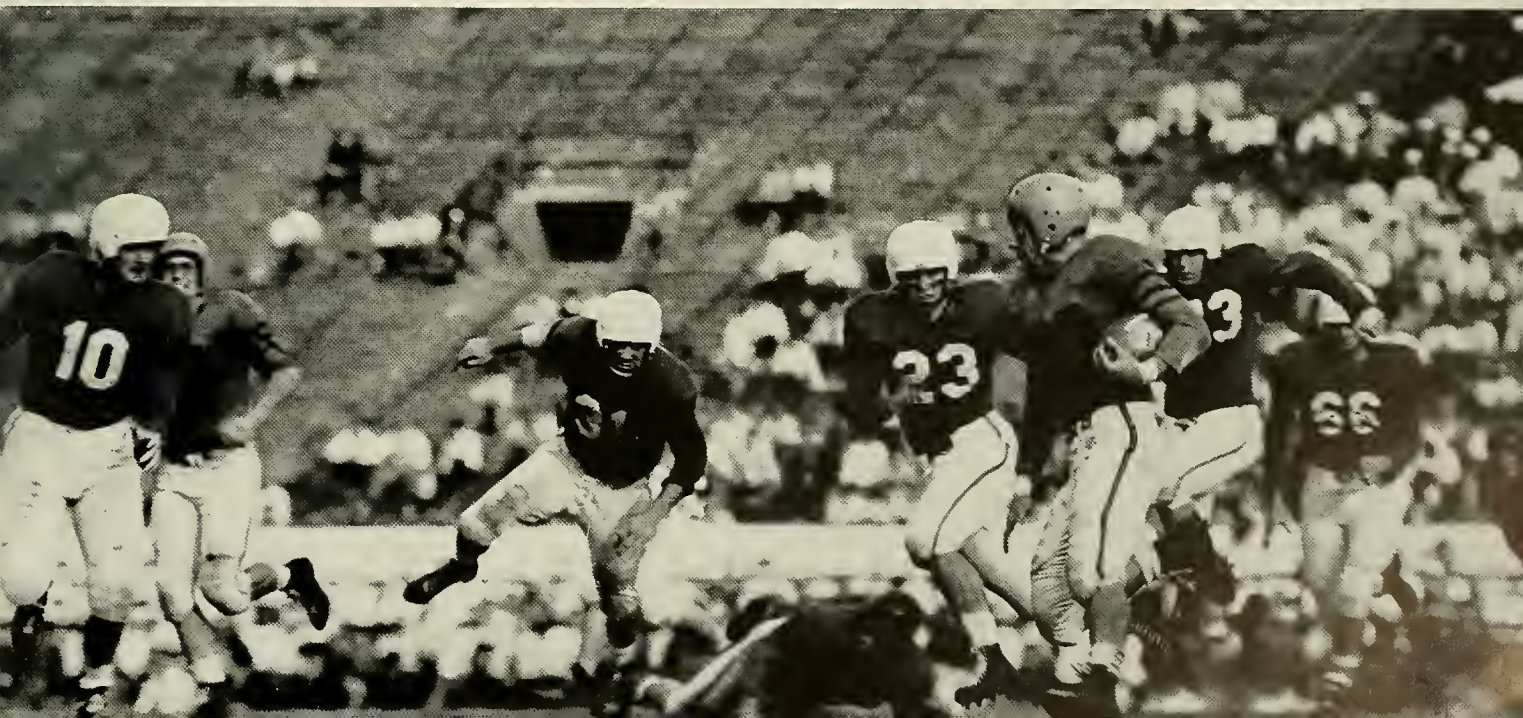

Shortly afterwards, Auburn recovered a Tulane fumble on the Greenie 26. Crippled Travis Tidwell was rushed in and his desperate heaves advanced the ball to the Greenie five. Russ Inman cracked the Greenie line on three attempts.

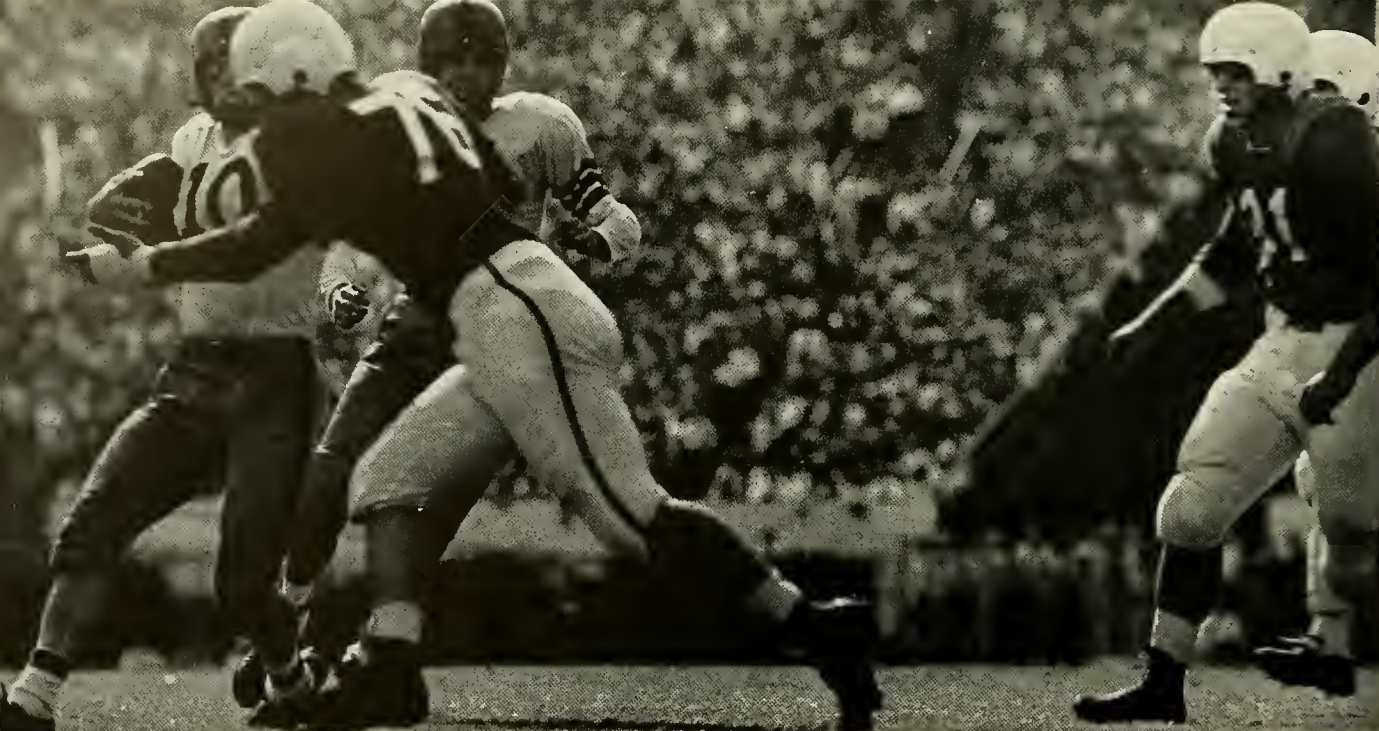

With the score 7-6 in its favor, the Wave roared back and scored twice. Runs by handy

The Cogs of Tulane's Defensive Backfield

"Wait for Me, Dan!"

Jimmy Glisson brought the ball to the Auburn's 32. George Kinek, sophomore halfback blasted through the middle, stormed over a pair of would-be tacklers and went the distance.

Later in the fourth quarter, Bill Svoboda intercepted an aerial and the Wave took over on the Tiger 26. After two line plays, Kinek scored for the second time, making a spectacular dash through the Auburn team.

Bill Svoboda and Jim Keeton jarred all opponents who managed to sift through the Greenie forward wall.

Auburn	.	.	0	0	6	0

MAROONS MAROONED

From a football viewpoint, Homecoming Day was pleasant. Tulane's Greenies edged a stubborn Miss. State team 9-0.

Pre-game opinion seemed to favor a high-scoring tilt because of the McWilliams-Davis yardage machine. However the contest developed into a display of defensive strength which delighted the "contact" advocates of the game.

"Shorty" McWilliams, a familiar opponent carried an offensive and defensive burden for three quarters. He was finally sidelined by a pulled leg muscle in attempting to stop rambling Eddie Price. McWilliams switched from his usual running game to the airlines. His six for six record was outstanding.

The score didn't tell the whole story. The Greenies hammered through State's line to roll up an overwhelming statistical advantage but State managed to hold the Wave in the shadow of the goal. As usual, dependable Eddie Price and George Kinek carried the lion's share of the offensive burden.

Kinek, a terrific newcomer, gathering momentum with each game, rapidly developed into a standout. Paul Lea, Bill Svoboda and Stan Kotteman were defensive standouts. "Stan-The-Man"

Forward Wall Moves Out (in a Crisp Manner)

Some People Never Get the Word

turned in the defensive gem of the game, wading through the State forward wall and head-blocking a kick.

Tulane was forced to open its "bag of tricks" to master Miss. State.

KEYDETS KLIPPED

Playing on even terms for three quarters, Tulane's Greenies tallied twice in the last canto to down Virginia Military Institute 28-7. Coach "Slick" Morton presented a well-drilled platoon of Keydets but the stream of Greenie replacements upset his "upset" plans.

Eddie Price scored the first Wave marker on a three yard plunge that had been set up by his own 41 yd. dash. Tossing Bob Thomason came back with an aerial to Claude Patton and the Virginians squared the count 7-7. Patton took the short heave, reversed his field and crossed untouched on the most brilliantly executed play of the season.

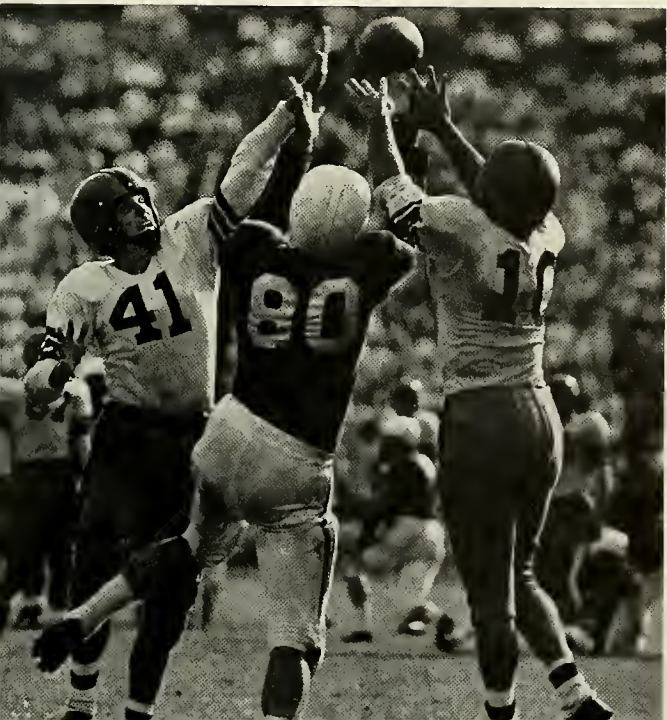

Price retaliated with a scintillating 72 yd. dash to give the Greenies a lead they never relinquished. Dick Sheffield, added the conversion.

The Keydets wearied noticeable in the second half under the pounding of the Tulane forward wall. In the fourth quarter, Price and Kinek alternately lugged the ball to the V.M.I. 10. The Keydets stiffened but Bill Bonar arched an end zone toss to George Kinek.

Unsatisfied, the Greenies stormed back again. Following a kick exchange Joe Ernst dropped a fourth down aerial in Dick Sheffield's lap and the sturdy Texan waltzed over.

The injury jinx finally singled out the Greenies. Defensive ace, Al Waller suffered a dislocated elbow and Stan Kotteman aggravated an old knee injury. Prior to the V.M.I. game, Tulane injuries were mostly superficial.

BAYLOR BOWS

The Green Wave reached a peak against Baylor, freeing the Bears 35-13. The Greenies scored in every quarter, churning out four ground tallies and adding a touchdown aerial to complete the rout.

Reliable Eddie Price set up the initial marker with a 27 yd. sweep and after Bill Bonar passed 11 yards to Watkins. Price circled left end for 10 yards and the touchdown.

Stung into action, the Bears bounced back with a score and conversion to knot the count 7-7. Burk's passing highlighted the drive.

Again the Wave gathered momentum deep in their own territory and set out for a second portion of Bear meat. The payoff came on Kinek's circus catch of Joe Ernst's twenty yard toss. Sheffield's conversion made the score 14-7 as the half ended.

Both teams scored in the third quarter but the play was too gruelling for Baylor and the "Waco Wonders" wilted. Bill Svoboda tallied from the two and Baylor bounced back with another aerial-inspired drive, with Sims passing to Flanakin for the tally.

Bobby Jones intercepted an aerial deep in Baylor territory and raced to the 19. In seven plays the Wave scored with Price turning right end for the touchdown. The final touchdown was sparked by Homer Dedeaux's pass interception. Paul Bianz and Johnny Sikora alternated in lugging the ball to the five and Ray Prats capped the drive with a slant off right tackle.

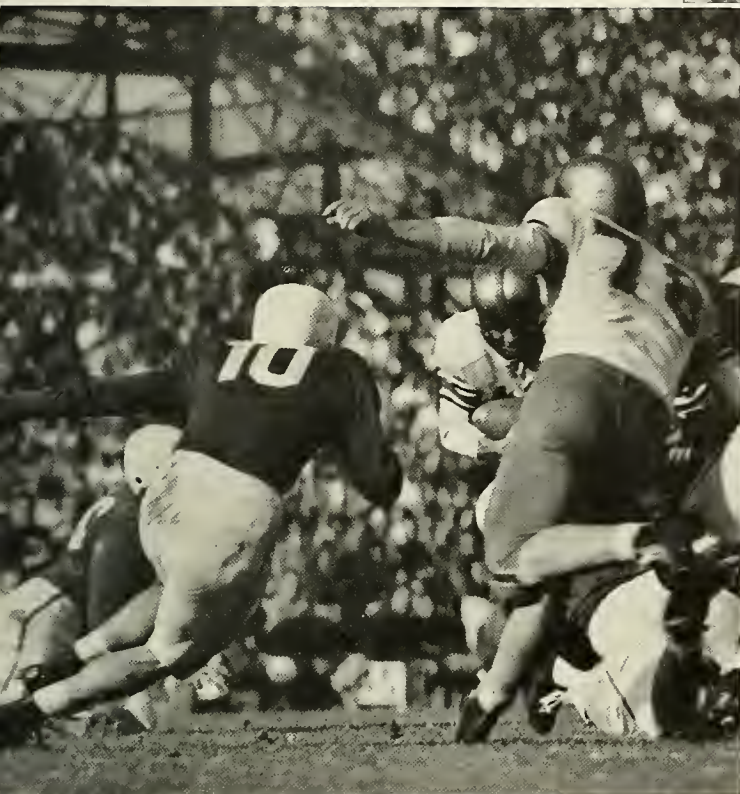

The Baylor ground attack was limited to 39 yards. Cold statistics revealed a hot Wave.

"CINCY" NO CINCH

Fur flew at Nippert Stadium as Tulane was forced to the limit to down the University of Cincinnati's Bearcats 6-0. The lone Greenie tally came late in the third period when George

George Kinek, Leap Frogging

Jim Say, "Rack Time, Pal"

Kinek ran back a punt for 38 yards to the Bearcat 32. Eddie Price scored from the four yard line on an off-tackle slant.

The Bearcats gambled from the opening whistle. In the first quarter, Bill Bonar boomed a punt to the Cincinnati 12. Held for no gain in three tries, O'Malley heaved a long pass from behind his own goal to Hout who was downed on the Bearcat 35.

Time and again the Greenies marched down the field but penalties and a stubborn Bearcat forward wall stopped the drives in payoff territory. Late in the second quarter, Ernst on passes to Sheffield put the ball on the Bearcat seven but time ran out before the Greenies could score.

After the third quarter tally, the Greenies started another drive from their own 47. A run by Price and a long Ernst to Watkins pass put the ball on the Cincy ten. On the next play, Ernst fumbled and Vilkoski recovered.

It was the Bearcats turns to march and O'Malley flooded the airplanes as they moved to the Tulane 20 before losing the ball on downs.

Price and Sikora teamed to drive back to Cincinnati territory and the ball was on the 20 as the game ended.

Eddie Price ramblod into the "1,000" yard circle despite voidance of substantial yardage via penalties.

TIGERS TRAMPLED

The Tulane grid machine capped a successful season with a 46-0 rout of arch-rival L.S.U. Appropriately enough, it was the 46th meeting.

The Bengals bared their fangs in the initial period when Ray Collins blocked Bobby Maxwell's kick, but the threat was short-lived. Held scoreless in the first quarter, Tulane started to roll and poured it on the defenseless Tigers.

"Good Buddies"

"Timber"!!!

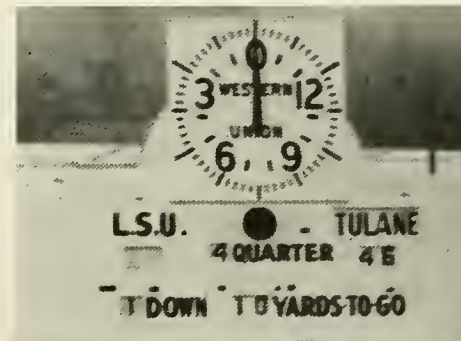

Hold 'im Joe, Here Comes Paul

Price broke the ice with a two yard thrust through the middle. Three minutes later, Bobby Jones intercepted an L.S.U. pass on the 38 and loped to the 4. George Kinek rammed it over, generating enough power to carry the ball 20 yards instead of the necessary few.

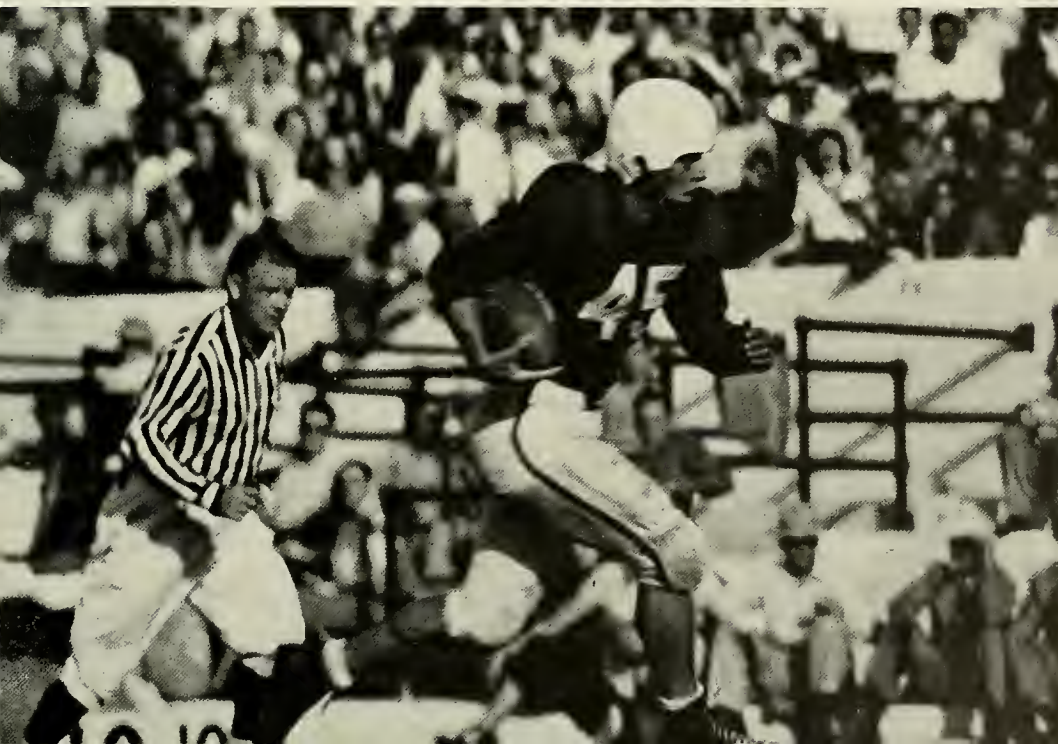

Kinek added a third period marker on a touch-and-go play with four players handling the ball. Two Tiger defenders deflected a Greenie pass and Dick Sheffield pulled it in. As he was tackled, the ball squirted out of his hands. George Kinek picked up the loose ball and rambled the rest of the way. Five minutes later, Tulane made a sustained 68 yard drive to score again. Bill Svoboda bulled over from the 1 yard line.

In the fourth period, the Greenies fooled L.S.U. on the moth-eaten Statue-of-Liberty play. Johnny Sikora picked up the ball and a host of blockers as he jitterbugged 28 yards to score. Jimmy Glisson added a personal touch to the scoring spree as he covered 89 yards on a brilliant punt return. Bill Bonar engineered the final marker driving over on a two yard quarterback sneak.

Coach "Mighty Mite" Wells

Peck and Perk

Nice Hook, Perk!

Fans called it the best yet, this basketball team of 1948-49. Its record of 24 victories out of 28 games may not have been on a par with other years but for sheer offensive and defensive power, no team in Tulane history can compare.

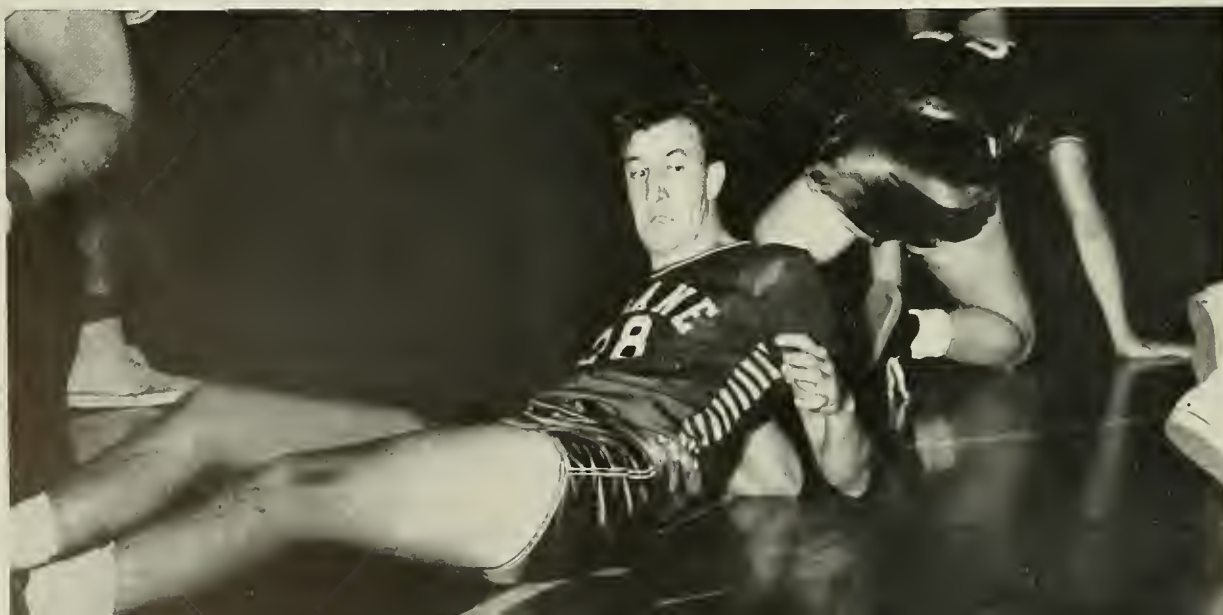

A total of 1,838 points rolled through the hoops under the guiding hands of such veterans as Warren Perkins, Virgil Risner, Melvin Payton, Jim Riffey, Tom Bowman and the rest. That was

an average of 65.6 points per game, almost 17 better than the combined efforts of their opponents.

For the third consecutive year, the Wave went undefeated on its home court. Away from home it ran into difficulty—thrice bouncing off impregnable, national champion Kentucky, once slipping by a razor's edge to Vanderbilt.

But in those losses to Kentucky, it may still

Doctor Risner's Hot Shot Method!!!

take pride. Only four points made the difference in the first engagement in the cavernous Armory at Louisville. More—much more—was the difference that dismal night in the Sugar Bowl doubleheader. The difference was not quite so great in the Southeastern Conference finals, and indeed the last half Greenie and Wildcat matched point for point.

But a salve for injuries from the well-pared claws of the Wildcats, was three triumphs over another member of the feline household—the Tigers of L. S. U. That foursome of Perkins, Riffey, Risner and Payton ran up their sixth consecutive victory over L. S. U. when they sprinted into an early lead and then held on gamely the rest of the way for a semi-final round triumph in the tournament.

It was the second time in three years that that big four had contributed to a runner-up spot in the tournament and its season's showing helped gain a ninth ranking nationally in the Associated

Break It Off, Big Jim

Press poll. In addition, diminutive Cliff Wells was given sixth place nationally as basketball coach of the year.

Riffey, Risner and Perkins were well rewarded nationally for their performances. Perkins was named to the first team in All-Tournament selections as was Risner. In addition, Risner was named to the conference first team of one press association and Perkins to the first team of another.

Consistent Jim Riffey was picked on the Collier's All-South first team, the second team on both the All-Tournament and the All-Conference selections and third team on the Sporting News All-American. In addition, he outscored Kentucky's All-American Alex Groza in the first game against Kentucky, 22-18, leading Kentucky Coach Adolph Rupp to comment: "Son, you went to the wrong school." Riffey's reply: "No sir, I went to the **right** school."

You Got It Made, Tommy!

Starting the season off with a rousing 83-29 triumph that was Wells' 33rd consecutive opening game victory, the Wave raced away with such scores as 65-54 over Rice, 56-39 over Texas, 51-28 over Texas A. and M., 81-79 over high ranking Holy Cross, lashed Georgia Tech, Mississippi State, L. S. U., Alabama, Ole Miss, twice each in addition to single victories over Auburn and Florida during the regular season.

In the tournament, it added victory No. 3 against Alabama and L. S. U., and stretched its superiority in SEC play with a 92-62 whirlwind triumph over Georgia.

Gone next year will be Warren Perkins, Hal Peck, Troye Svendson, Hal Jamison and some others. But not one of them will be forgotten for their contribution to this, the best of all Tulane basketball seasons.

Shoot, Tommy, He's Taking Off!

Bottom: Chunkers

BASEBALL IN 1948

The baseball team for this year was one of the best ever put forward by Tulane and was under the guidance of Coach "Little Monk" Simons. The team won 20 out of 24 games and three of those losses were to professional teams which gave Tulane one of the best college records in the nation. The team was well balanced and had good hitting throughout, the leading stickmen being Ken Tazetti, Warren Perkins, Stan McDermott, Ben Abadie, and Ferd Lorio. The pitching was done quite ably by Johnny Owen and Pat Rooney. The catching was well handled by Roy Barbier. The L.S.U. games went all our way as we won four of them out of a possible four. As has been said many times in years past if nothing else had happened the season was completed successfully. As stated, however, much more was done and the baseball team came up with one of the best records in Tulane's history.

The Squad

AND IN 1949

With many of the power hitters gone Tulane this year looked to her pitching and defense as the source of power. The pitchers were again led by Pat Rooney and Johnny Owen, with much help by Dick Norris, Ed Hieder and Crusty Cambon.

The outfield was covered like a glove by Mel Payton, Ben Abadie and Bill Leahy. The hitting was distributed a great deal among the outfielders and first baseman Stan McDermott, and second baseman Warren Perkins.

When the infielders are spoken of no one who follows Tulane baseball can help but think of shortstop McCormick's superb fielding and great clutch hitting. He is potentially Tulane's best hope since Bobby "Golden Boy" Brown to go places in baseball.

The catching was again handled by Roy Barbier with adequate help from Jim Rowden.

Below: Show 'im Monk
Bottom: Back Stops

T R A C K I N 1 9 4 8

Lead by such front runners as Paul Bienz, Spencer Johnson, Frank Burge, and Hugh Liles the Tulane track team went on to beat L.S.U. in a dual meet for the first time in a very long time. It was a big day for Tulane and the Greenies were really pounding the cinders.

At the S.E.C. Paul Bienz tied the standing conference record for the hundred yard dash with a 9.5 second effort. The wind that day was a little too strong and

though it didn't aid the the Tulanian it caused time to be disallowed for record.

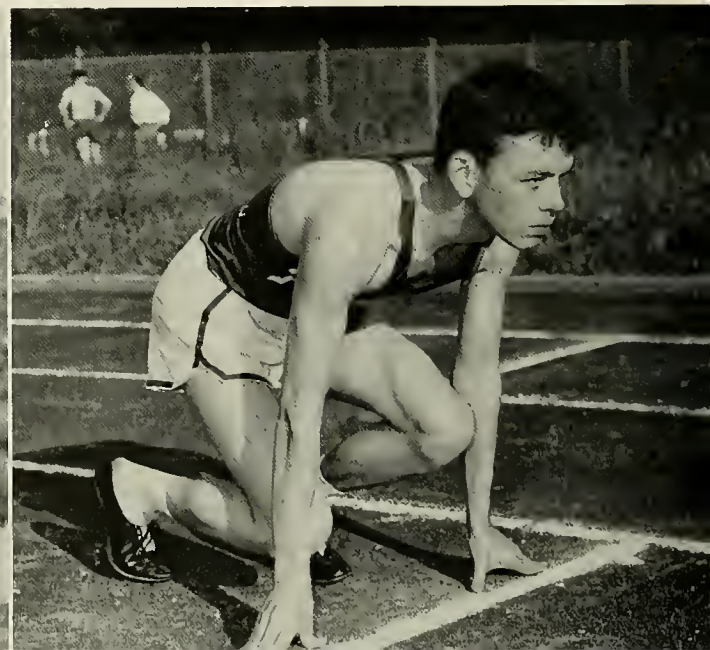

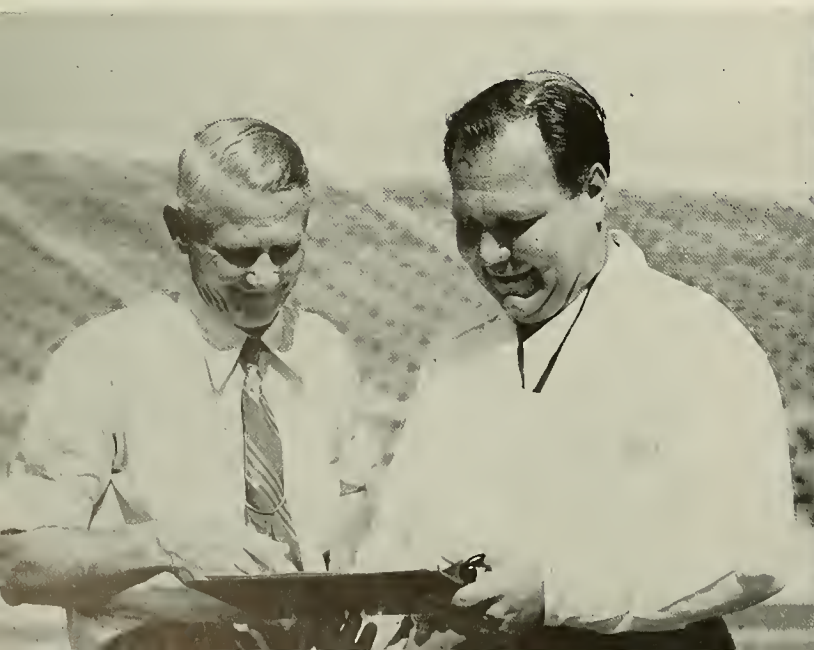

Spencer Johnson who had been going like a house afire all year long had a bad time at the conference and unfortunately for a great runner and great sport he seemed to go stale at the meet and was way off pace. Frank Burge was red hot and did some good running over both the high and low hurdles. Paul also won the 220 yard sprint in just above record time at the conference.

All Smiles

The Speed Boys

Bolting Bob

Take It, Paul

Ready, Set . . .

A N D I N 1 9 4 9

The Track team this year was again lead by Paul Bienz who after going far in the Olympic tryouts came back to run better than ever. His efforts in his heat in the N.C.A.A. were of the same time that won the event finally, but Paul had pulled a muscle and came up fourth in the hundred and third in the two-twenty.

The distance men were lead by Bob Parsons who won a number of firsts in the dual meets. Troye Svendsen,

also, did well in the dual meets winning several discus throws. Another weight man Don Joyce, a gridster by trade, won several events in the shot put and gives Tulane a good potential weight man for next year.

Tulane is looking forward to next year in track and field and has held off a number of its better boys in hopes of perhaps capturing for Tulane the S.E.C. track tourney next year.

On Sky Hooks?

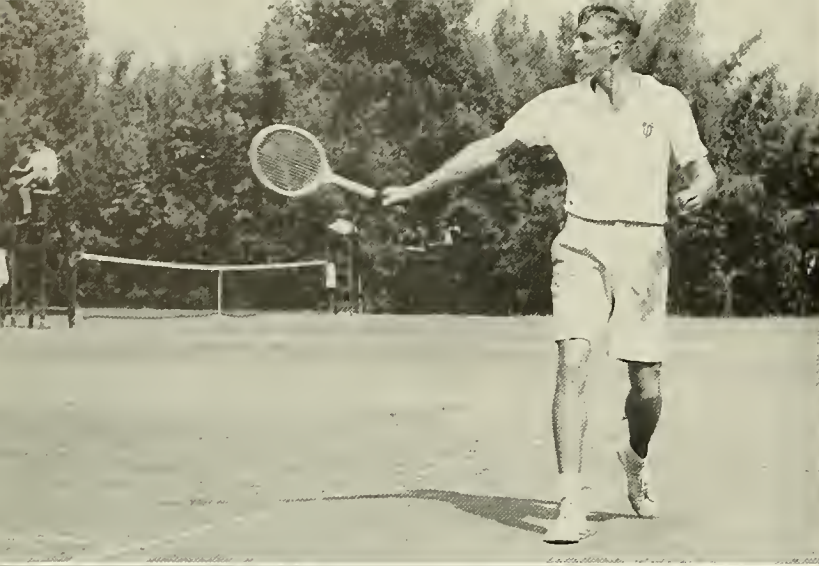

Toss, Troya!

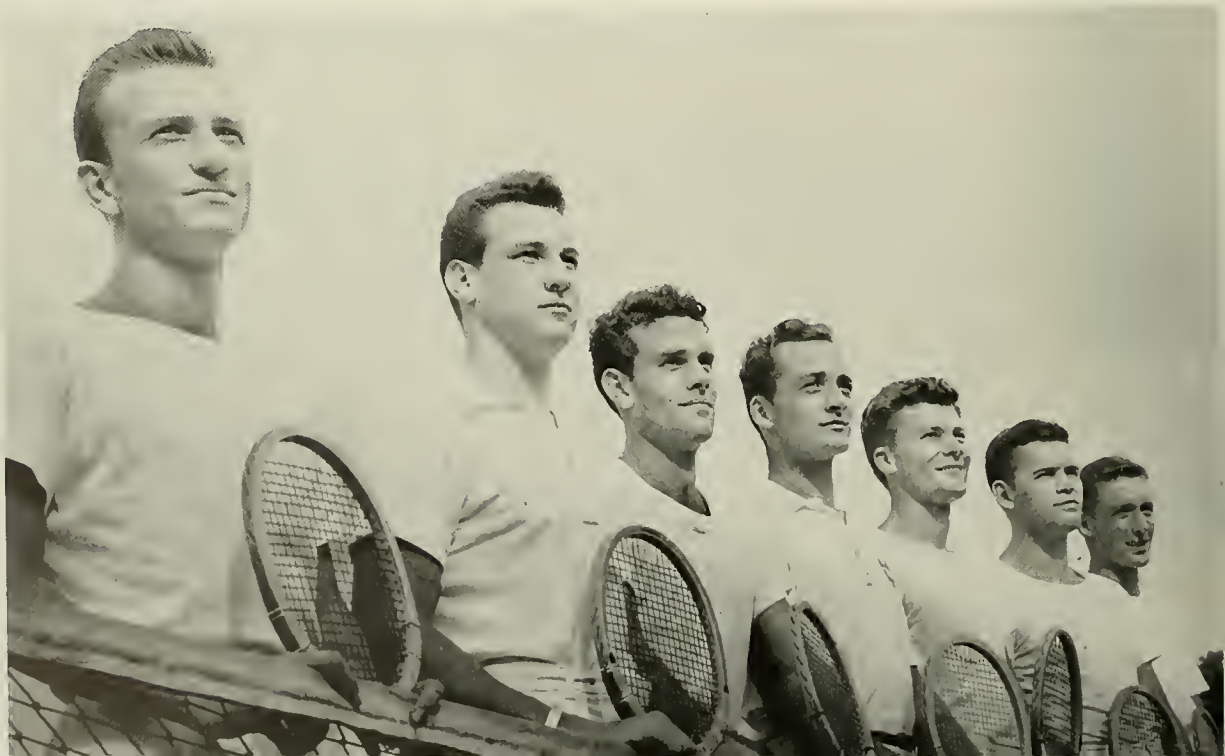

TENNIS IN 1948

The tennis team at Tulane held up its usual high standard and swept through the conference matches undefeated, in some cases losing as few as one set per match. The team was led by Jack Tuero, with Wade Herrin, the S.E.C. "A" class champion as number two, followed by Dick Mouledous S.E.C. "B" class champ number three and Harcourt Watters, who was runner up for the S.E.C. "B" class championship, number four. As can be seen, we swept the S.E.C. tournament with Jack Tuero, and Dick Mouledous winning the S.E.C. doubles championship. Tulane's schedule against teams outside the conference was ably met and the only setbacks were a tie with Texas and a close loss to Rollins, seeded the nation's number one collegiate team.

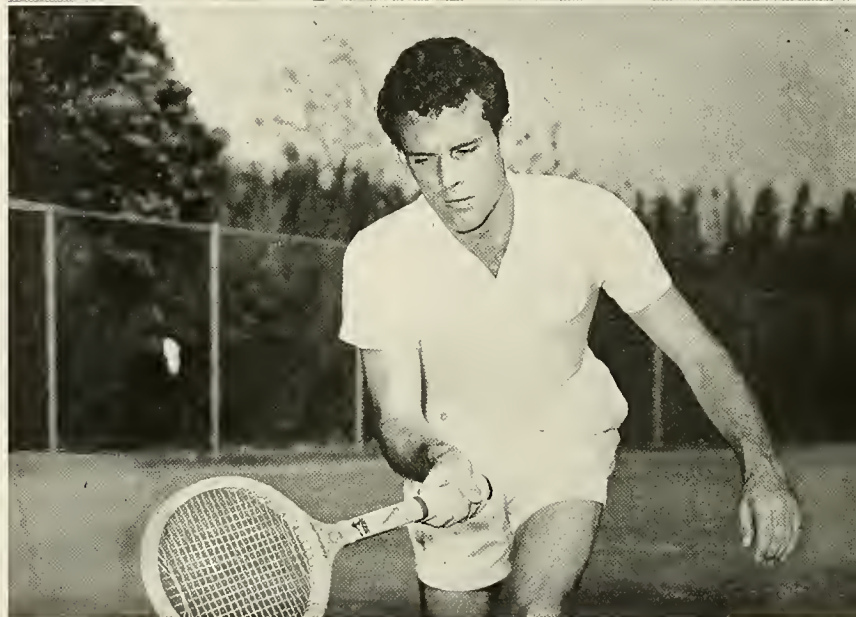

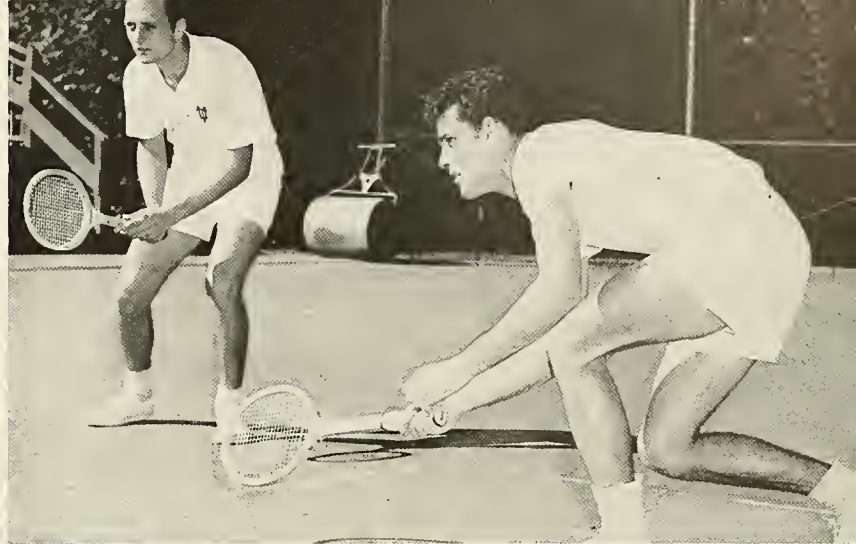

Top: Wade Herrin, S.E.C. Champ
Above: Dick Moule Dous, S. E. C. Champ

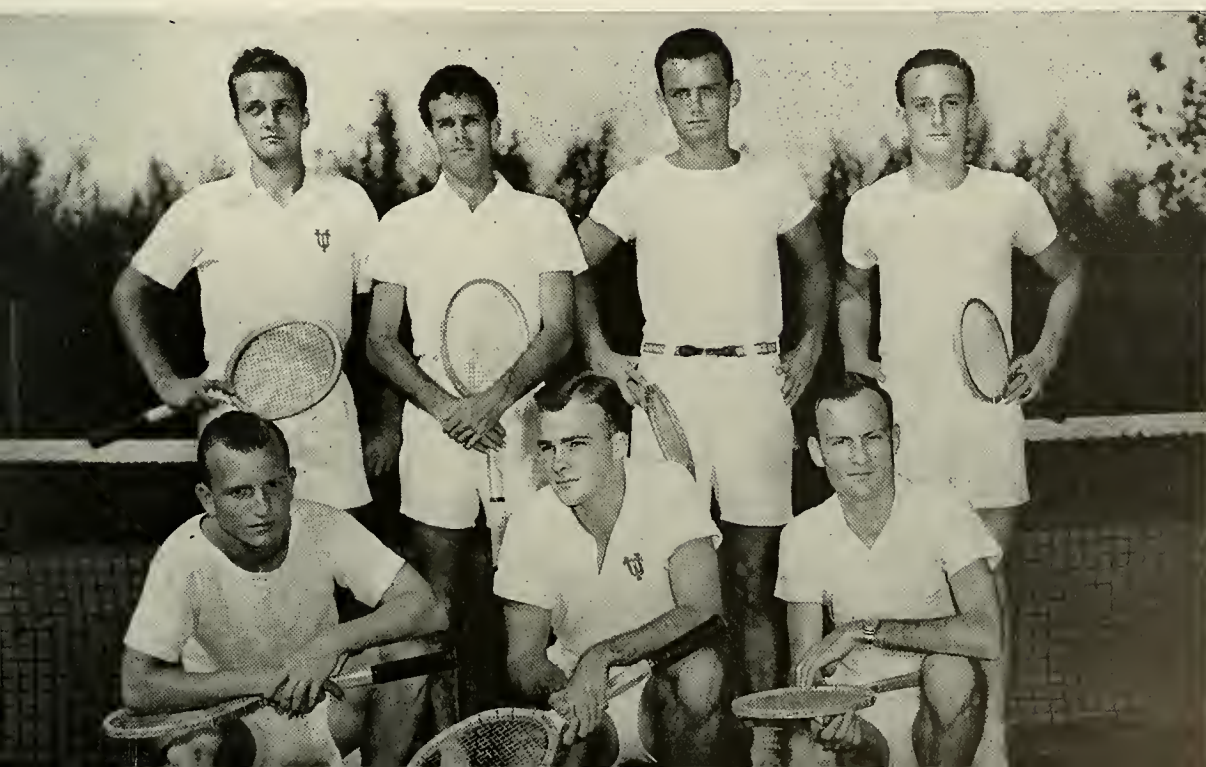

AND IN 1949

The S.E.C. again was dominated by Tulane's greenies who came through with Jack Tuero S.E.C. "A" class championship and Billy Connery S.E.C. "B" class championship. Dick Mouledous, number two on the team, joined with Tuero to win the S.E.C. doubles championship for the second straight year. Walker Harris was the number four man on the team and played fine tennis throughout the year.

The N.C.A.A. found Tuero seeded eighth, without a chance to win but recognized as likely to reach the semi-finals. When the heat was on and the racquets were down, however, Jack Tuero became the National Intercollegiate Tennis Champion for the year 1949. Our boy seemed to gain strength as the tournament progressed and came through in fine style, beating Sam Match in a grueling five-set battle. Jack and Dick Mouledous were defeated in the third round of the doubles competition in a tough and exciting match.

Top: Our Number One Doubles

The Squad

G O L F I N 1 9 4 8 A N D

In 1948 the Tulane golf team had a record of two wins, three defeats and a tie. Except for the 9-9 deadlock with Mississippi, the scores in the remaining matches were rather decisive. The Greenie golfers white washed Pensacola, 18-0, but they were swept clean by both Louisiana State and Spring Hill College, 18-0.

The Wave got partial revenge from Spring Hill by

lacing the Badgers by a "crap-shooting" count of 11-7. Mighty L.S.U. did not falter in the return bout, however, and Tulane suffered a 10½-7½ licking.

Only four golfers represented Tulane in these showings. Former city-champion, Charley Rosen, lead the linksmen as team captain. He was flanked by Ted Hewitt, Marc Lazaro, and Dick Chassee.

Coaches Can Swing, Too

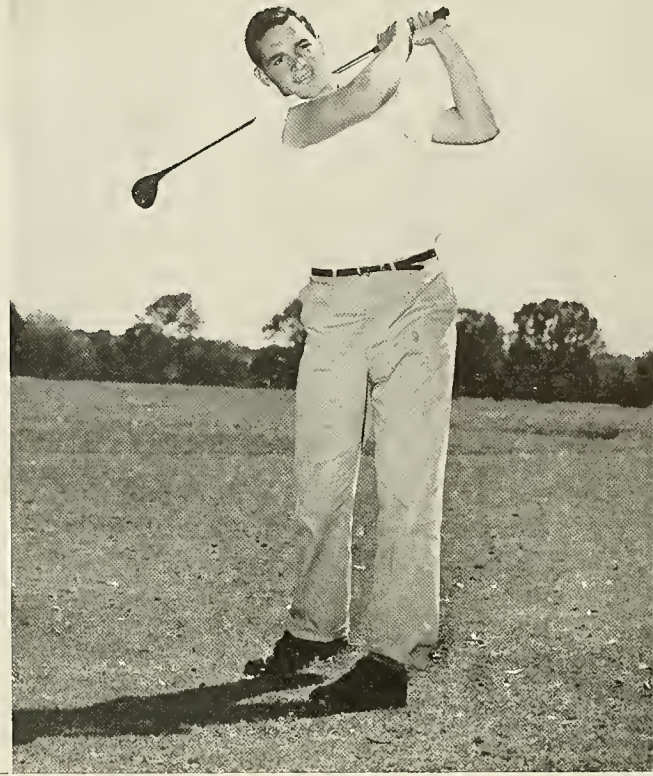

John Gleason, Team Captain

Adomitis

Franz

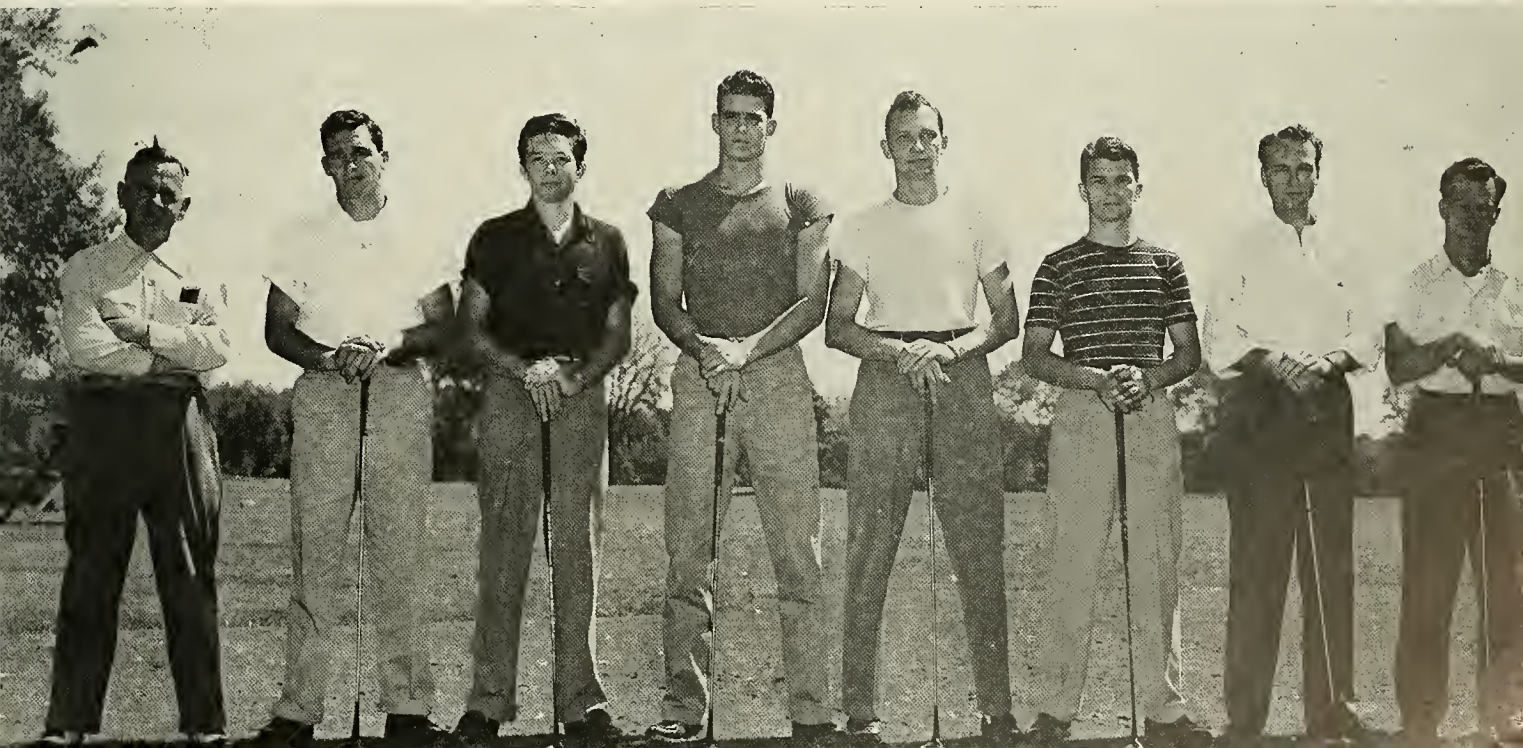

1949

The 1949 golf season at Tulane experienced a post-war boom. Seven duel matches and four local tournaments punctuated the schedule. Tulane numbered Keesler Field and Southeastern Louisiana College as its

victims, but succumbed to Louisiana State and Pensacola twice and to Spring Hill College on one occasion.

In local tournaments around New Orleans, Fritz Franz, team captain John Gleason, Jr., and Dick Chassee made admirable showings. Franz entered four events and each time qualified for the championship flight. Gleason and Chassee each entered two and each qualified for the top bracket once.

Herb Abraham, Jim Wilson, Tom Bush, Tom Thorne and Gus Adomitis rounded out the squad.

THE FROSH

The Frosh Football Team

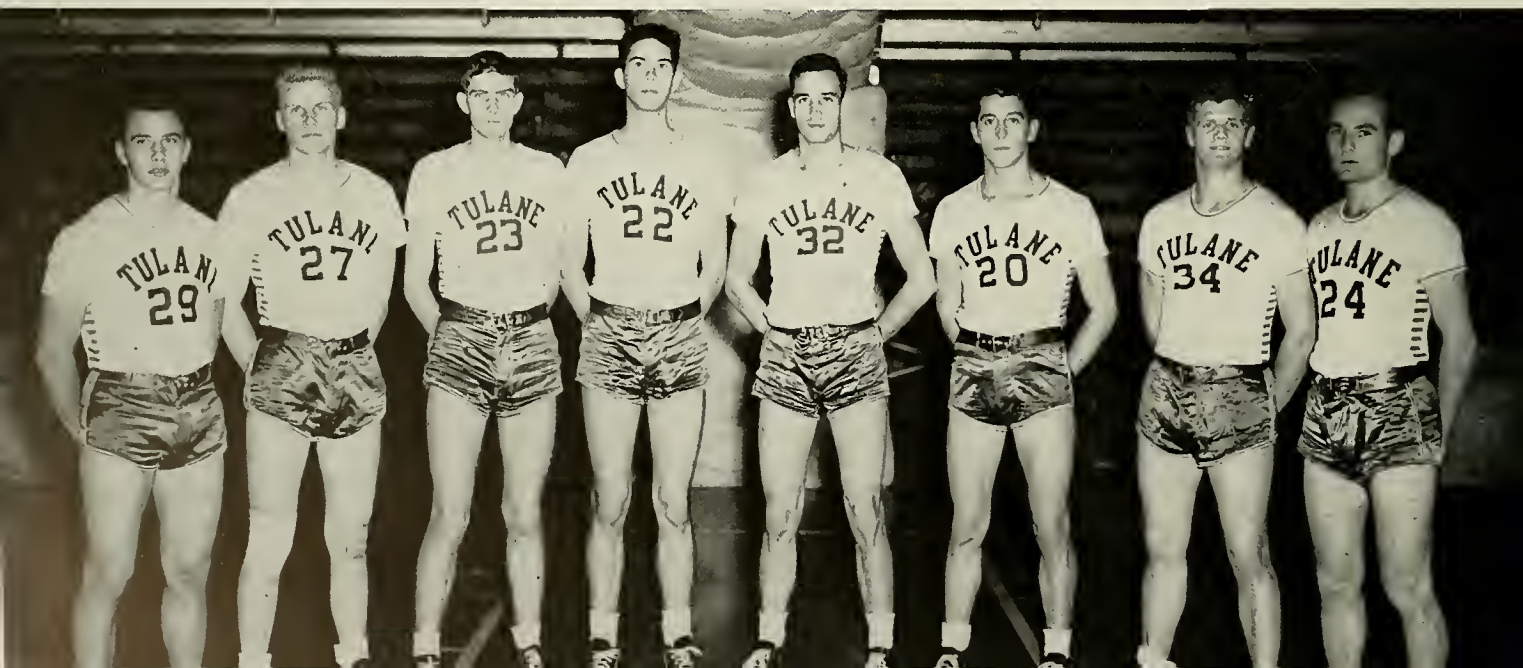

FOOTBALL

The freshman football team went through a rugged season of scrimmaging afternoon after afternoon with the best or one of the best football teams in the nation, the Tulane varsity. Coach McElreath had the tough, thankless job of coaching and in general being father, mother and trainer to the team. He did a swell job, and the boys on the squad this year will be heard from on next year's varsity, much better off for having learned about the ways of intercollegiate football and being guided through this rough transition period by Coach "Available" McElreath.

BASKETBALL

The freshman basketball team is an organization rarely mentioned on the campus at Tulane, except for a muffled rumor supposedly straight from the basket mesh. Perhaps the only man who knows anything of any consequence is the Mighty Mite himself, Coach Cliff Wells. The boys played games, but behind closed doors; and the scores were never disclosed. It seems that behind Tulane's own Iron Curtain may well be hidden some of the power which may, when added to the present varsity, make Tulane fear no basketball team, them thar wildcats included. The boys are below, and it is very probable you'll be cheering them next year as they help carry the Greenies to another highly successful year.

Tulane Has Top Record in Nation

Michigan U., North Carolina
Follow Greenies

By BEN PHILGAR
New York, April 8 — The No. 1 college basketball team in the country during the past season was Kentucky.

In football it was Michigan, the only major undefeated eleven. But what about the best combined showing? What major school had the best overall record through the big college sport seasons?

The answer probably will come as somewhat of a surprise unless you happen to live in New Orleans.

The winningest school in the nation was Tulane.

Here's the Green Wave's record: Nine football victories in 10 games, an average of .909; 21 basketball victories in 28 games, an average of .857. That's an aggregate winning percentage of .883.

This percentage counts the two sports as equal. To arrive at the overall winning figure, you add the football percentage and divide by two.

The idea comes from the National Collegiate Athletic Bureau which spends its time collecting statistics on college football and basketball. The bureau has kept the aggregate figures for the past three years, mostly out of curiosity for the first time.

The NCAA includes basketball for the first time. It includes basketball in its records, but tournaments in bowl games as classes football exhibitions. There's post-season exhibitions. Therefore, the football records used in determining these percentages include regular season games only.

Noire Dame topped the list in 1936-37. A year ago it was Michigan.

Even the bureau admitted that Tulane was a surprise winner this year. The Greenies were overshadowed in their own Southeastern Conference all the way around. Georgia was the football powerhouse and Kentucky dominated basketball. As a result, Tulane didn't play in a bowl game or in either the NCAA or National Invitation Basketball tournaments. But it had very good records in both sports.

Michigan, which got a 1936 rating on its football team, was second to Tulane in the overall picture with an aggregate percentage of .857.

Then came North Carolina, Notre Dame, Minnesota, Villanova, Utah, Kentucky, Oklahoma and Oklahoma A. and M.

Of the top 10, Tulane not only had the best percentage but came the nearest to having teams of equal ability in each sport.

The

TULANE PAN-HELLENIC COUNCIL

The Tulane Pan-Hellenic Council is an organization representing the seventeen fraternities on Tulane's campus. John Treen is chairman and Ronald Orfila is the secretary. Dr. John Stibbs is the faculty adviser.

The Council is divided into two committees, Judicial and Athletic. The Judicial committee is composed of Brown, Roos and Elder. The Athletic committee is composed of Harris, Smedigar, Mix and LaGarde.

In addition to supervising inter-fraternity competition in football, basketball, softball, tennis, ping pong, volley ball, bridge, badminton and bowling, the council sponsors the annual Pan-Hellenic Formal, Skit Night, Fraternity song fest and the Homecoming decorations of the frat houses.

Alpha Tau Omega was founded at the Virginia Military Institute in 1865, and in 1887, Louisiana Beta Chapter was founded at Tulane. The fraternity colors are Old Gold and White, and the fraternity flower is the White Tea Rose.

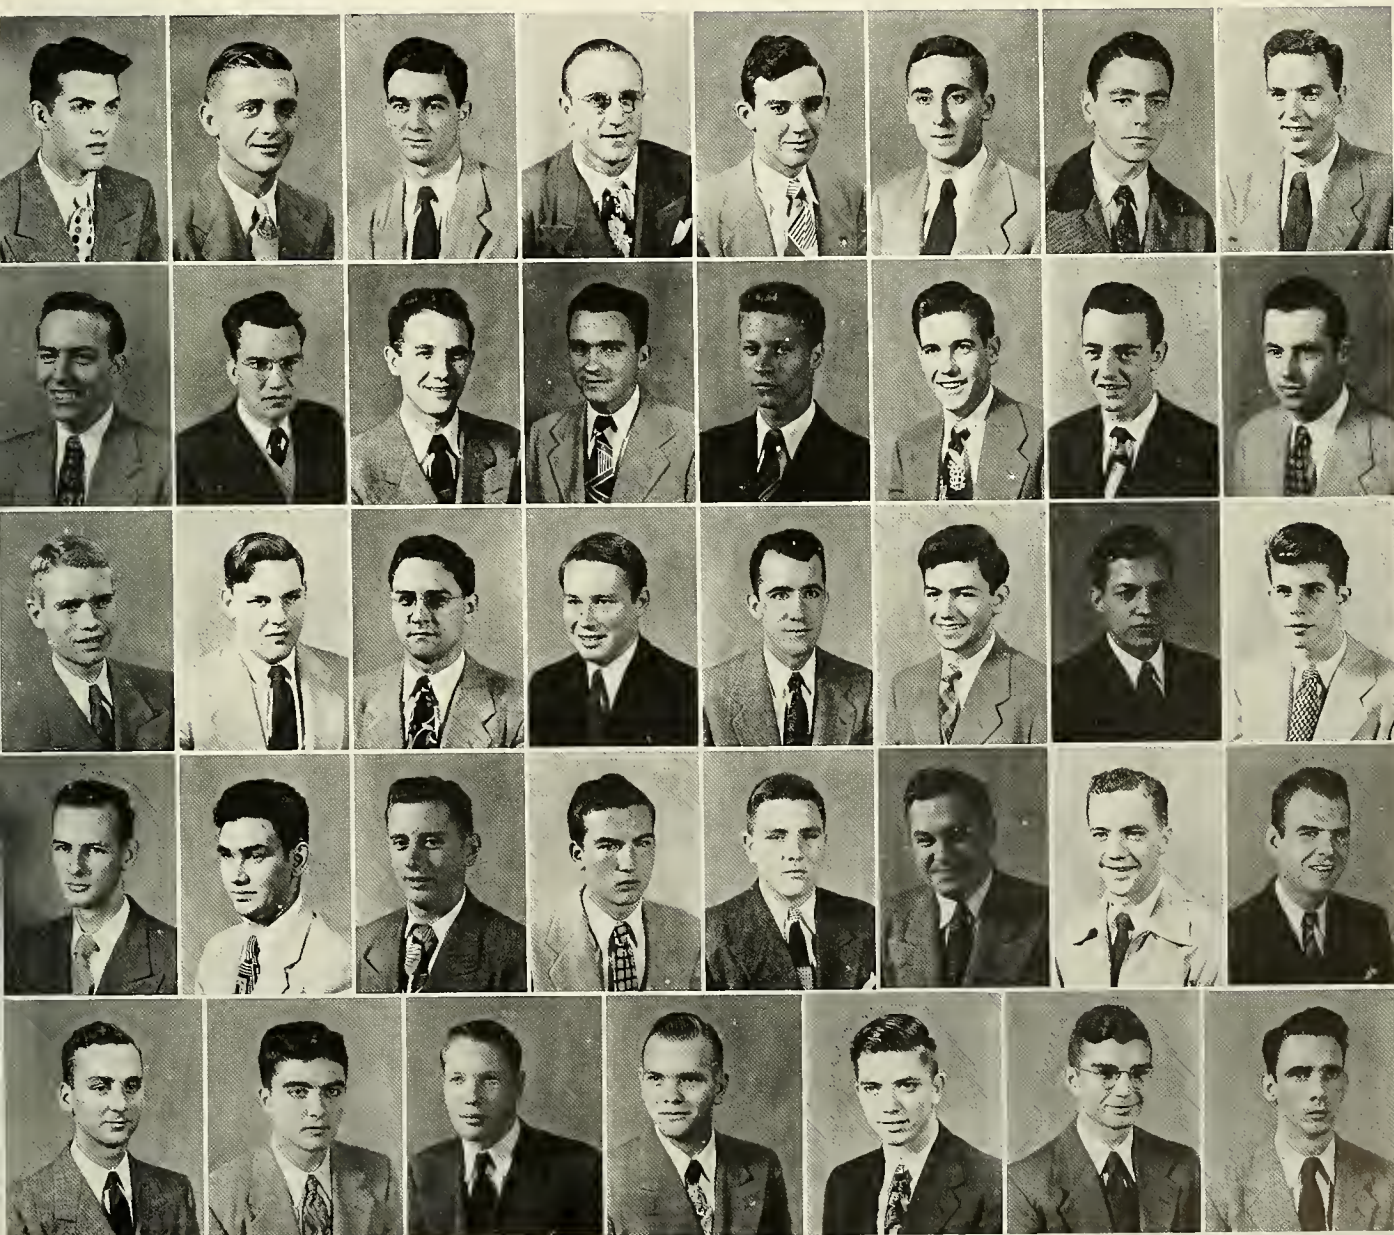

Bill Roberts is boss of the outfit with title of "Worthy Master"; Worthy Keeper of Exchequer is Edward Hodge (he collects money); Charles White-Spunner takes minutes at the meetings.

The ATO's are most notorious among the men who know, for their "Sneaky Pete Parties" among other things. Any casual passerby, will no doubt be shocked by the delicate songs being wafted through the windows of a Saturday night, and the delicate members being wafted through the doors.

Under the capable leadership of "Bicycle Brooke" Duncan and "Dewey" Jackson, the Betas are expecting another great year. After losing the Pan Hel cup by a nose last year, the sons of Wooglin are all out to redeem themselves and already on their way to retain the football crown. Almost any Saturday night the repercussions of "Beta Brawls" can be heard all the way to Bourbon St. The protests of neighbors, K A's and Newcomb house mothers are all drowned by the lusty singing of Beta Bards. Then follow massive Loving Cups on the Newcomb Campus. There is not a dorm girl alive (unless she wears a Deke lodge button or a Wallace pin) who does not thrill to Beta serenaders in the wee hours.

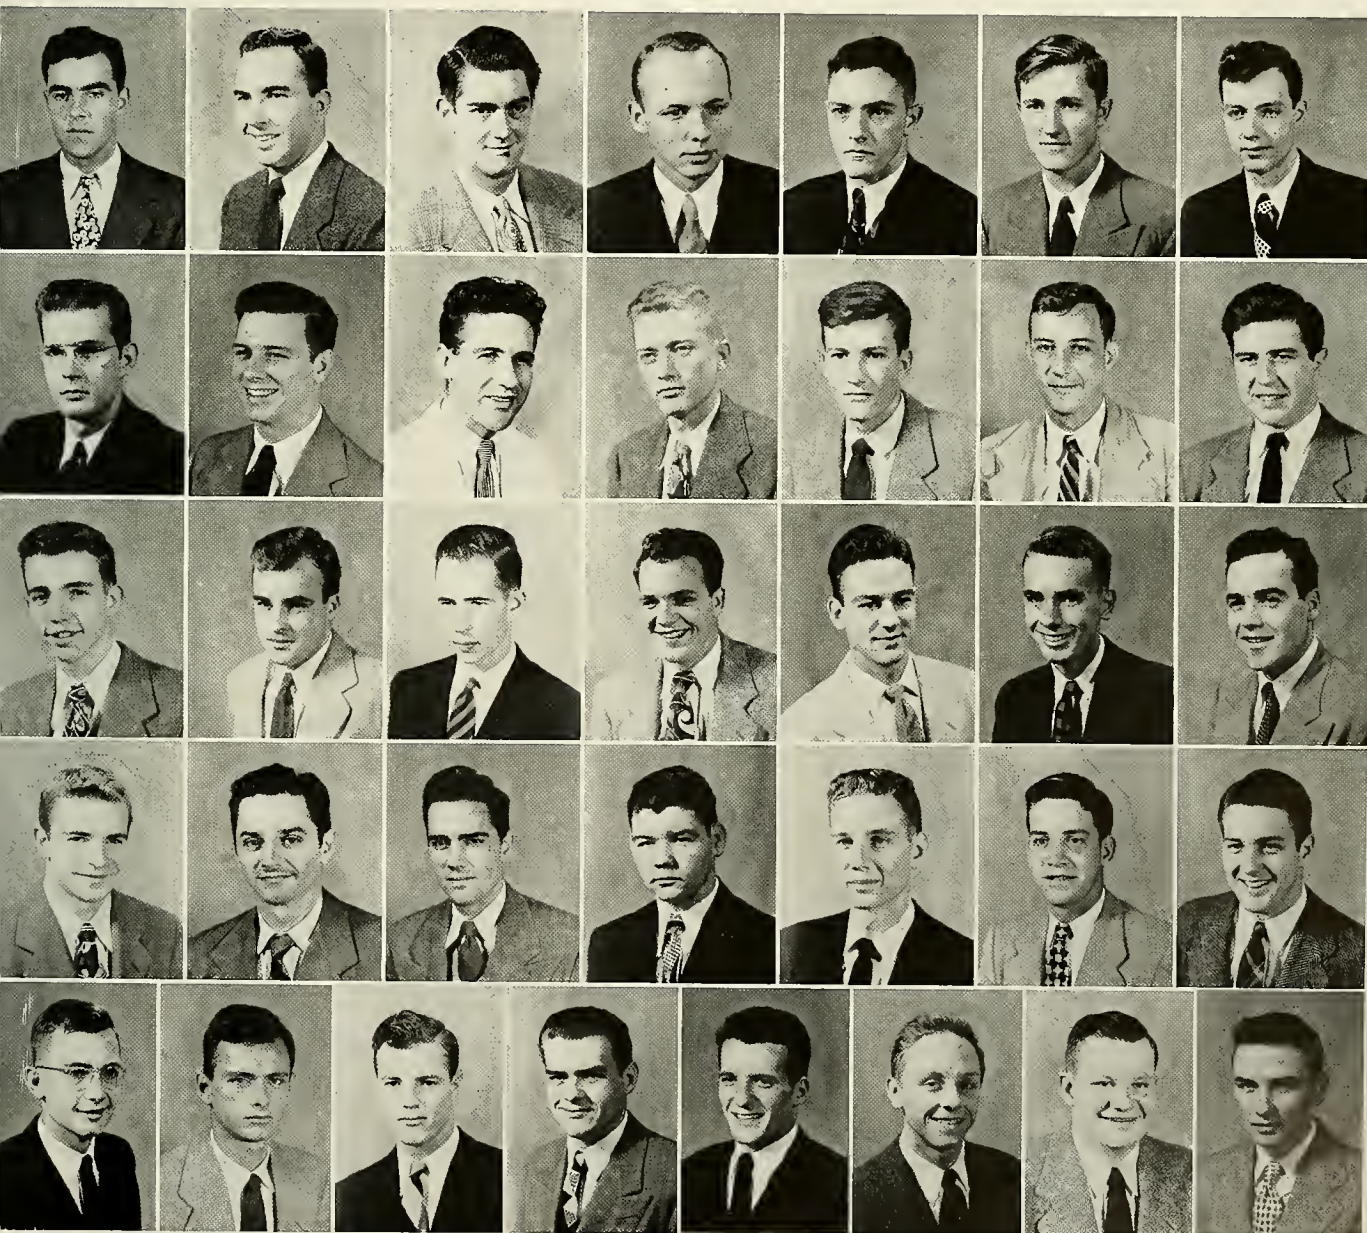

Despite much rivalry between house boys and others, the chapter managed to get together for 40th Anniversary Celebration and a successful Blue and White Formal to bring the year to a harmonious close. The success of Beta Xi last year is exceeded only by the clean sweep made during the past rush week in which the ranks were bolstered by many new Wooglinites.

Delta Kappa Epsilon was founded at Yale University in 1844, and the Tulane Chapter, Tau Lambda was founded in 1899. Sam Sanders is the boss of the outfit, and is assisted in his duties by Tommy Ellis, the vice-president. Ned Simmons holds the power of the purse, while Herbert Van Horn is the led who takes minutes.

The Dekes are undoubtedly one of the more outstanding fraternities at Tulane due to their inane passion for the Deke Marching Song, which they yell to the complete intrigue of their neighbors. Their other activities consist of running up and down Henry Clay Avenue at all hours, and slurping Rod's beer, by the bucket.

Delta Sigma Phi was founded at the College of the City of New York in 1899, and Tulane's Chi Chapter was established in 1916. The Fraternity colors are Nile green and white and the flower is the white carnation.

Joseph Miceli is the president, ably assisted by his two vice-presidents, Warren Mix and Ray Froeba. Max Miller gleans the wampum from the brothers and Bob Collins writes the chapter's letters. Arthur Hyland is the sergeant-at-arms.

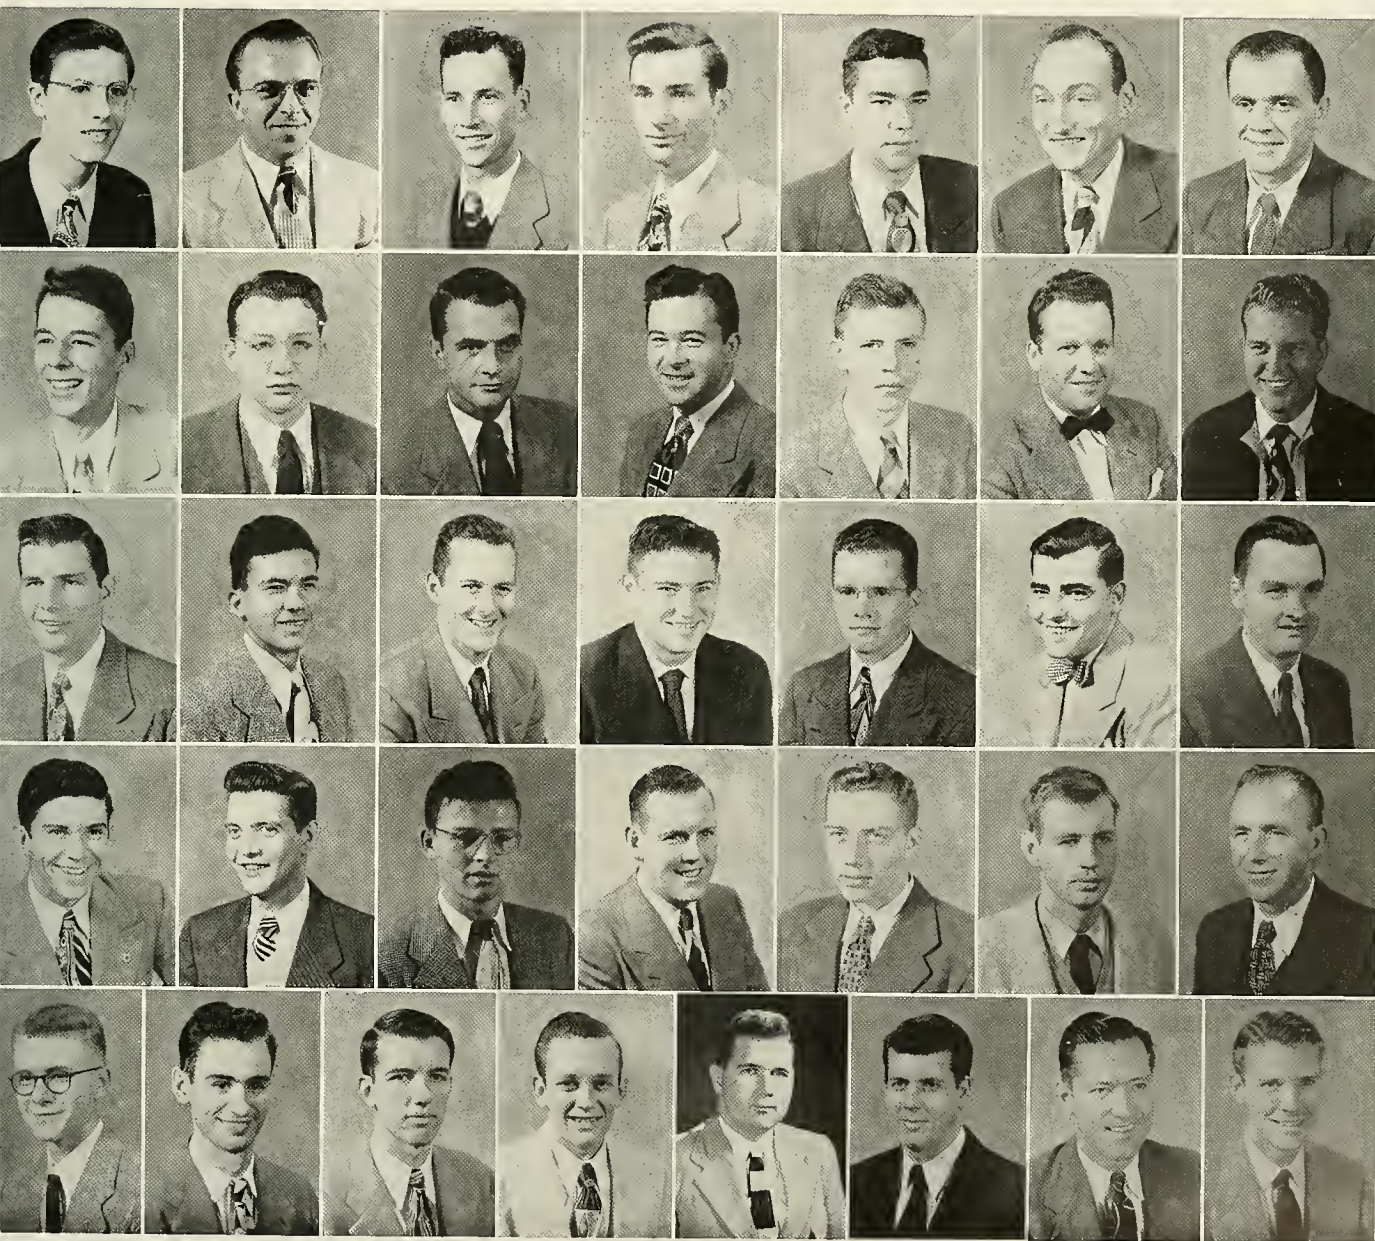

The two biggest parties of the Delta Sig's year are the winter formal and the inimitable Bayou Brawl. In addition, the fratres gather at the house frequently for the usual number of drinking brawls.

This is solid comfort

Under the guiding hand of president Paul Morphy, the Delts have plunged into one of their most successful years since the establishing of Beta Xi chapter at Tulane in 1889. During the past summer, actives and pledges turned out a small miracle in redecorating the house under the direction of Phares Frantz. The best party of the season in the opinion of all was the "Vive la France" party with the "Beta Xi-Clone" running a close second. Homecoming Day saw the Delts in second place with their display—brain child of Ken Shaw. A cocktail party in honor of the alumni followed Homecoming game after which all journeyed downtown to the Homecoming Dance at the city auditorium.

Kappa Alpha was founded at Washington and Lee University in 1865, and Psi Chapter was founded at Tulane in 1886. The colors are Crimson and Old Gold, and the fraternity flowers are the Red Rose, and Magnolia.

The crew is run by Charles Brown, ably assisted by Burl Sammons. Billy Hayden is secretary and Adair Pedrick has the power of the purse.

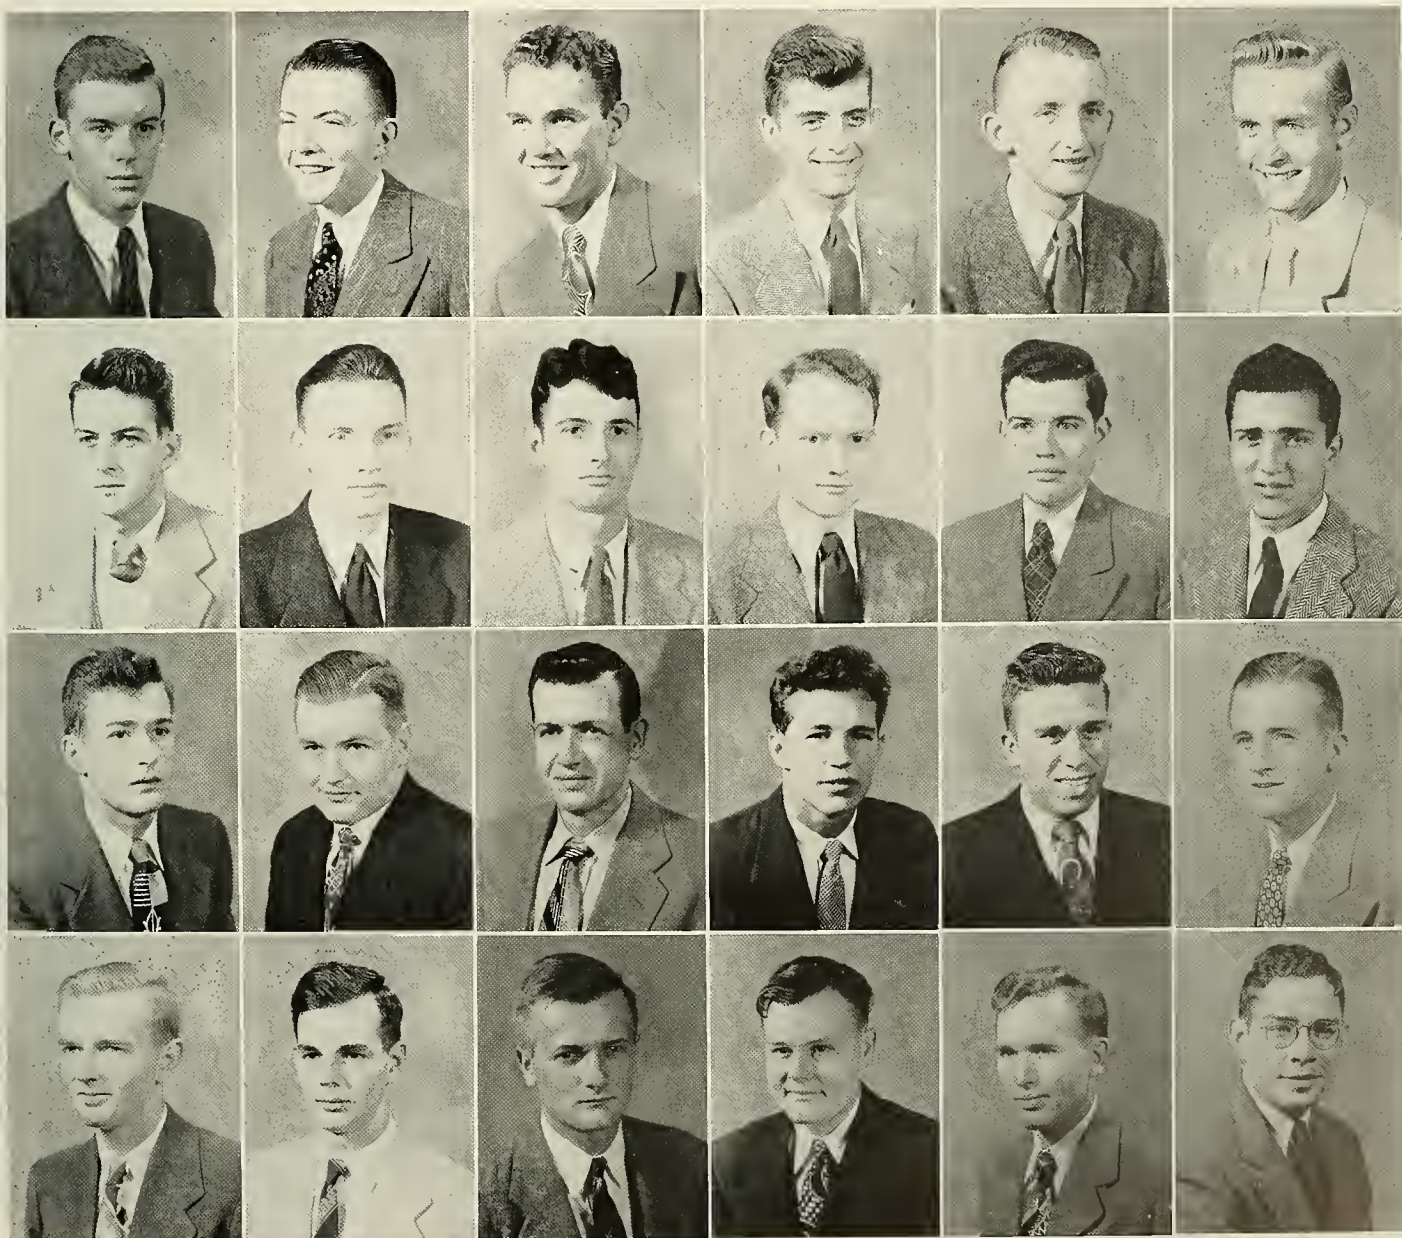

Famed for many years for their annual Cotton Ball, the KA Rebels are maintaining that noble tradition, and are adding to their reputation for brawl throwing, in fact, almost any Saturday night, the interested person can usually find some sort of mad aggregation in conclave at the house.

All things being considered, Kappa Sigma is without a doubt a fraternity on the Tulane campus. This year they had officers, Dip Treen, and Fotsie Holbrook served as presidents. They had good parties, most memorable of which was the Pirate Party. They had fair athletic teams, but something went wrong, when Mackenroth, and Long got confused and won the tennis championship. Also, the Kappa Sigs this year had good whiskey, and bad women.

Phi Kappa Sigma, the oldest fraternity on the Tulane campus, was founded at the University of Pennsylvania, October 19, 1850. Mu Chapter came to Tulane on January 14, 1858.

The year's social activities were started with intensive rushing, which was climaxed by a tremendous punch party given in honor of the new pledges. During the football season, various sorority pledges were entertained at the house. The highlight of the year is the annual formal given at the New Orleans Country Club. This was closely followed by the Plainsman Party and Bowery Party in so far as popularity is concerned.

Phi Delta Theta is now in its 100th year nationally, while Louisiana Alpha Chapter at Tulane, is in its 59th year. Local activity started on September 10th, after a highly successful 100th anniversary celebration at Miami University, the birthplace of the fraternity.

Among the highlights of the Phi Delt year were the annual South Sea Island party, the Bed-time party, the Christmas party and the Annual spring Formal, in addition to a slew of beach parties and truck rides.

In the BMOC department, Phi Delt has its share. Of great importance to Frnka's, Greenies, were brothers, Bobby Maxwell and George Maddox, kicking and line boys respectively.

During the Christmas holidays, the Pikes finally got a place they could call "home." They moved a dozen men into the house and settled down to a real fraternity existence.

In the last two rush seasons, PiKA has pledged more rushees than any other fraternity on campus, bringing its membership to over sixty five and placing it high among the largest fraternities at Tulane.

In addition to the regular run-of-the-mill parties, PiKA gave two highly memorable events: the Dream Girl Formal, at which Fran Dalton was elected "Dream Girl of PiKA"; and the Fais Do Do, one of the most unusual parties of the year.

The officers

Sigma Alpha Epsilon started its fifty-first year on the campus this fall with the introduction of its new house on Broadway. After pledging twenty-three men following rush week, SAE quickly fell into the host of high spirit that reigned with Tulane's winning football team and were only too sorry to see the season close in late November. With football season passed the Saturday night victory celebrations, the Sunday afternoon sorority parties, and, of course, the pledge-active football game.

The annual Christmas party featured everything from Santa Claus himself to a Spike Jones orchestra composed of the members of the pledge class.

Then after saying farewell to all Newcomb sororities and dormitories by serenading them with Christmas carols and fraternity songs, the brothers bid each other a Merry Xmas and a Happy New Year and left for the Yuletide vacation.

The SAE black and white formal welcomed everyone back to school in January to the music of Loyd Alexander in the Tulane Room of the Jung Hotel.

There were swift changes of scenery as the second semester opened. Parties varied from gambling cassinos to Square Dances to Mardi Gras, climaxing with the Founders Day Banquet celebrating the founding of Sigma Alpha Epsilon at the University of Alabama on March 9, 1856.

It was quite a year.

Sigma Alpha Mu was founded on the Tulane Campus in 1920 and at the annual Orchid Formal in November, the chapter celebrated its twenty-eighth anniversary. The formal was the high point of the Sammie's social season. Anita Fay Zinn was elected sweetheart, and the usual good time was had by everyone.

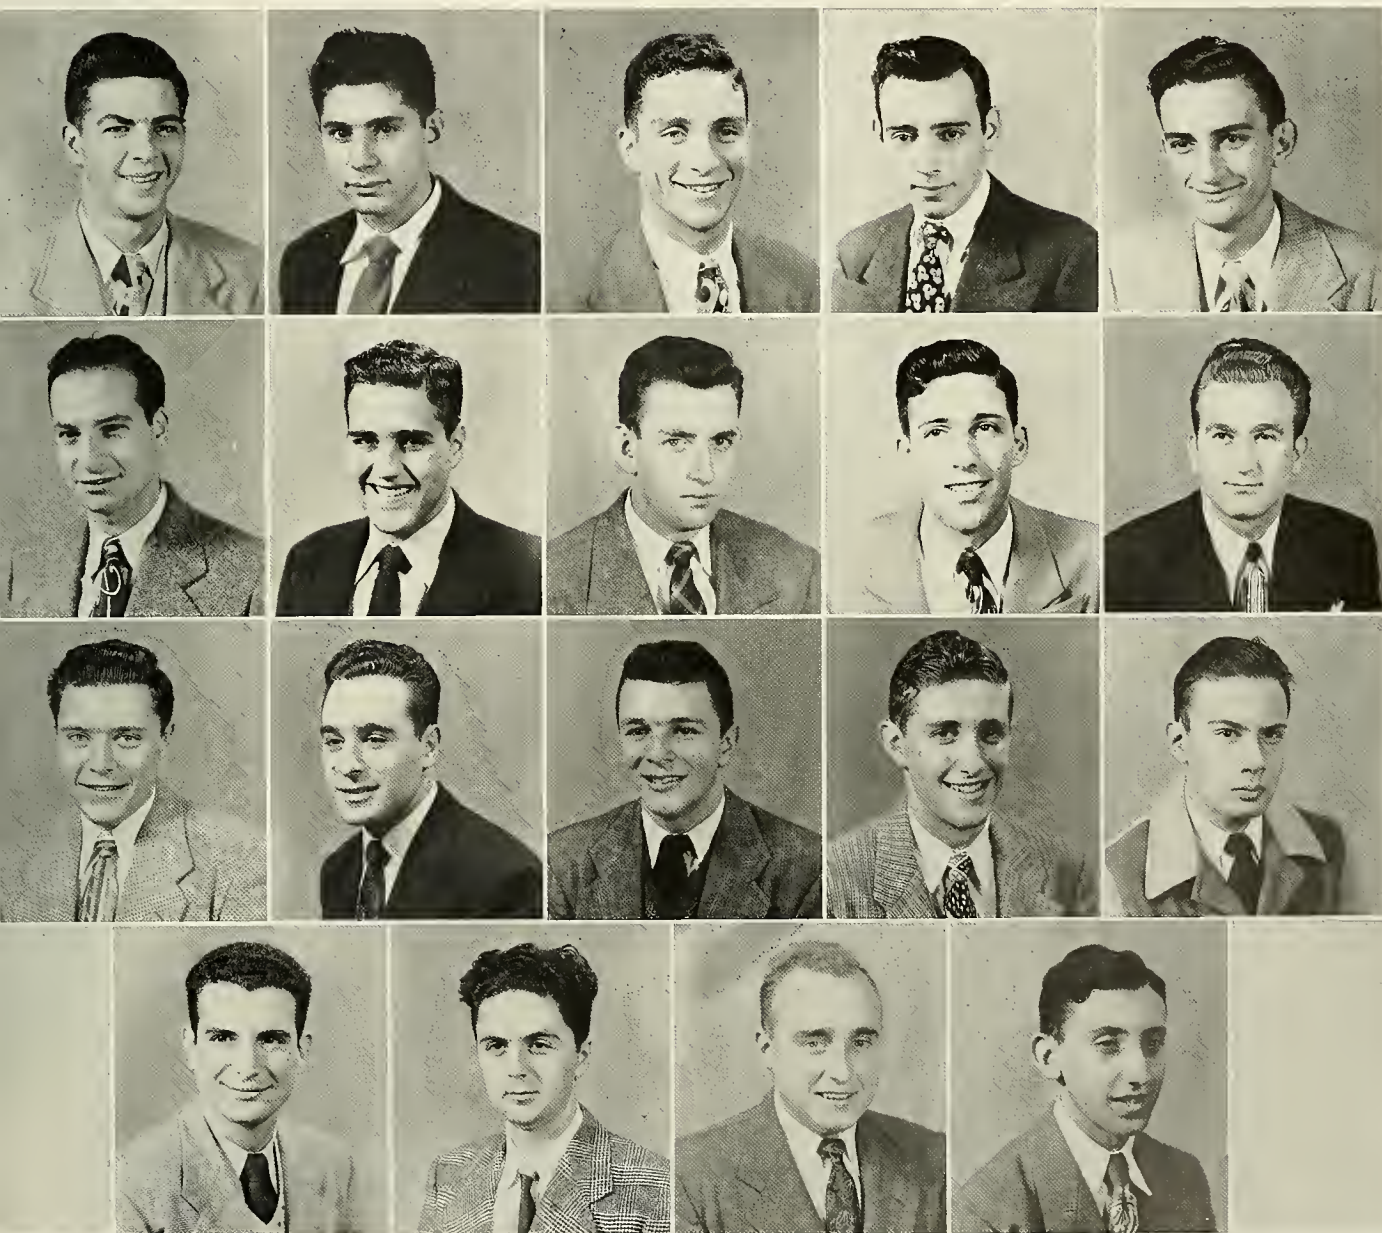

In addition to the formal, the fraternity had some other top flight parties: the Plantation Party at which fried chicken was the piece de resistance; the farewell banquet; and the shipwreck party. All in all, this has been one of Sammie's best years on the Tulane campus.

First Row: Bagelman, J. Cohn, J. M. Cohn, Feldman, Goldstein. **Second Row:** Griff, Helpern, Landers, Levy, Gurry. **Third Row:** Metzger, Monastersky, Orkin, Schlesinger, Sindell. **Fourth Row:** Skibell, Toledano, Wolf, Yoffee.

Fraternity flower: White Rose. The White Cross of Sigma Chi has been proudly on the Tulane Campus since 1882. Since that date thousands of men have been initiated into Alpha Omicron chapter. And this year 67 years after that founding, Sigma Chi is carrying on in a grand and glorious fashion. This year we ardently followed the great Tulane "Green Wave" pigskin eleven. We cheered the victorious basketball team. We entertained with some fine parties that were wholeheartedly enjoyed. The fellowship was superlative and the old Sig proposition of reciprocity toward members and Fraternity was tenaciously adhered to, (Oh, Constantine). These little morsels of college life at the old white house on 803 Pine will long be remembered by those who associated with Sigma Chi.

As for "Big Wheels," Sigma Chi has its share. Harris Copenhaver is co-editor of the yearbook, the JAMBALAYA; Dave Hamilton is vice-president of the Junior Class of Commerce; and we can proudly point to our finest footballer, Bobby Jones of the Greenie football varsity. (And incidently to our beautiful sweetheart, Miss Violet Whitehead, who was selected to be homecoming queen).

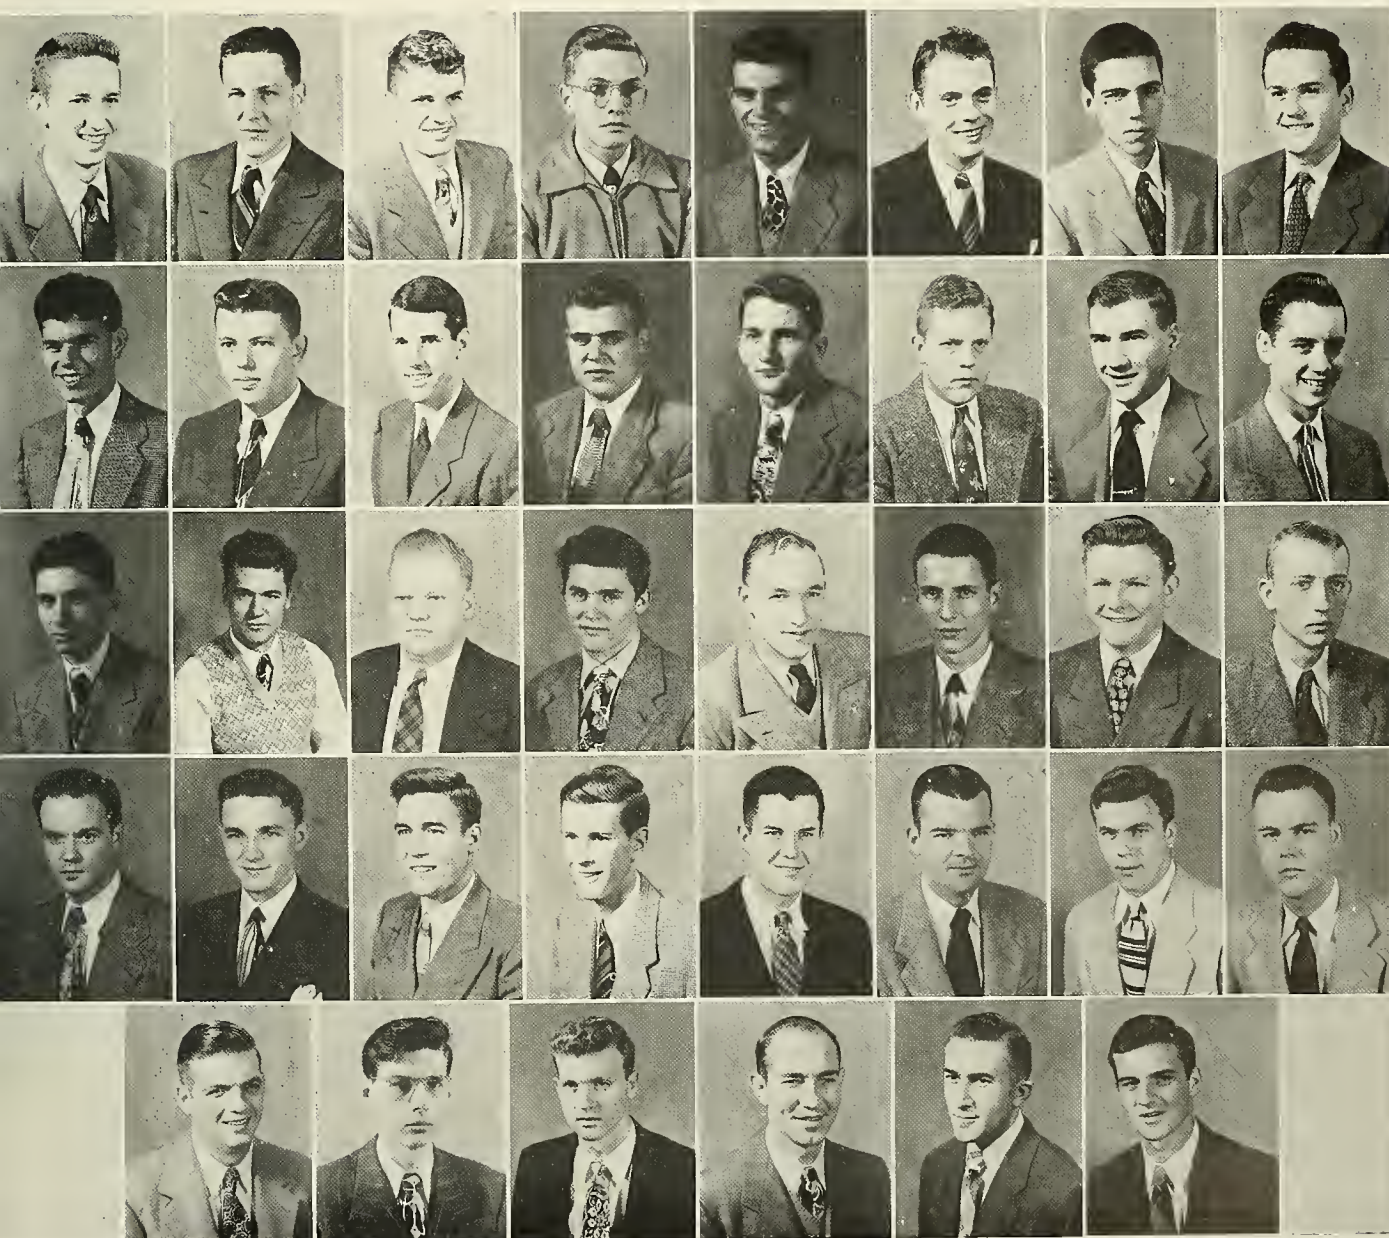

Guiding us through this successful year was Bill Watkins who manipulated the gavel; Richard Johnson who worked in the shadow of our consul; Tom Picher who recorded the chapter function for posterity and future Sigs; Bob Brush did the debiting and crediting; George Nelson was our "public relations" man; and David Hamilton had the nerveracking job of educating our pledges.

Founded: Vincennes University, 1897; Omicron, 1920. Under the able leadership of Tom McBride and his associates, and following in the footsteps of past sage Carl Dolce, Sigma Pi is recording '48-'49 as another banner year. Outstanding of accomplishment was the incorporation in the state of Louisiana the Sigma Pi House Corporation. Social items of interest include a Hallowe'en Barn Dance with witches, punch, music dancing, and ghosts; an unusual-es recorded in the minutes-Christmas Party; a Christmas Party for the orphans which contributed its due amount of good cheer; the lavish Mardi Gras truck ride; Founder's Day Banquet; the famous Orchid Formal; and other less publicized events.

Zeta Beta Tau was founded at the Jewish Theological Seminary in 1898, and in 1909, the Sigma Chapter at Tulane was installed. The fraternity colors are Blue, White and Gold, and the flower is the white rose.

Leonard Wolff is intrusted with the job of managing the mob, and his assistant in the rather arduous task is Jay Lewis Rubin, not to be confused with Joel Lewis Rubin, the secretary. All matters financial are handled by Robert Hirsch.

Among the social events on the Zebe calendar are the annual formal, the truck ride to Covington to meet their L.S.U. brothers, and the usual aggregation of parties during the year.

They make the President stand

Kappa Nu was founded at Rochester University in 1911, and in 1922, Sigma Chapter was installed at Tulane. The fraternity colors are purple and white and the fraternity flowers are the orchid and the gardenia.

The mob is handled by E. Warren Eisner, who is assisted in this task

by Leonard Fuhrer. Dave Levine is scribe for the clan, while Mel Weingarten is responsible for paying bills and occasionally collecting dues.

The chapter gives the usual bunch of parties, but all members look forward to the annual formal which is given in May.

The

NEW COMB PAN-HELLENIC

The Pan-Hellenic Council represents the co-operation and harmony maintained by the fraternities in guarding their college's ideals and better serving their college community.

The Council is the governing body of the eleven fraternities on Newcomb's campus; it is composed of two representatives from each fraternity.

This year, a Pan-Hellenic Council Key was adopted for the first time on the Newcomb campus. Among the numerous welfare activities, Pan-Hellenic assisted in the Aid to St. Lo Drive and sponsored the European Clothing Drive.

In addition, Sorority Skit Night again was outstanding on the entertainment program. The talent and ideas originated within each sorority and were most cleverly presented much to the pleasure of the entire University. A cup was awarded to the sorority which produced the best skit.

Later in the year the annual Scholarship Banquet was held honoring the pledge and active member of each sorority who led their group in scholarship.

Alpha Delta Pi, founded in 1851, is the oldest Greek letter sorority for women. Epsilon chapter of Alpha Delta Pi set up housekeeping at Newcomb in November of 1906. The insignia of the sorority is a diamond shape pin set with pearls, and the flowers is the violet.

The social calendar for the year was crowded. The round of activities began with rush parties, pledging, and a dinner for the pledges. The next attraction was the weekly battles of the Green Wave, which the A.D.Pi's celebrated by having the door of their Pine Street domain open before all of the games. A Christmas party, the annual Spring Formal, the Founder's Day Banquet held May 15, and the house-party on the Gulf coast were other highlights of the social schedule.

The letters AEP, set with pearls and standing side by side, form the pin of Alpha Epsilon Phi. This pin, together with the colors, green and white, the flower (lily-of-the-valley), and the jewel (pearl) compose the insignia of Alpha Epsilon Phi. Phi was founded October 24, 1909 at New York's Barnard College; seven years later, on December 24, 1916, Epsilon chapter came to Newcomb, taking its place as the third oldest active chapter in the country.

Since that time, Epsilon's girls have always taken a leading and active part in all realms of college life. Highlights of their social calendar this year included besides rush parties, the traditional Green and White Tea, pledge-active get togethers, the annual banquet honoring the graduating seniors and best of all the wonderful Spring Formal. Aside from strictly social activities, the girls busied themselves in playing foster parents to a little twelve-year-old French girl, victim of the war. They still had time to take a leading part in strictly college activities too, being amply represented on the Dean's List and in the many clubs and societies on the campus. Outstanding in college activities this year were Suzanne Alcus, President of Newcomb Pan-hellenic Council, Myrna Feinberg, Dormitory Wing President, Ann Schornstein, Secretary of the Junior Class, Martha Zibberman, Secretary of the Swimming Club and Joan Solomon, Secretary of Greenbackers.

Pi chapter of Alpha Omicron Pi was established at Newcomb College of Tulane University on September 8, 1898; this year marks the Fiftieth Anniversary of Alpha Omicron Pi at Newcomb. The Golden Jubilee Year was celebrated by the Pledge Banquet in September, the Founder's Day Banquet in December, the Dance in the Spring, and the Senior Banquet in May.

True to its long-standing traditions, A O Pi had its share of Beauty Queens, as well as members of Phi Beta Kappa, Alpha Sigma Sigma, and Assets.

Beatrice Rault was elected President of the Newcomb Student Body; Patty O'Brien served as President of the Art School. Pi chapter was also represented by members of the Honor Board, Athletic Council, House Council of the Resident Government Association, and the Jambalaya. Ann Colebeck served as President of The Forum. Other members were named to *Who's Who in American Colleges and Universities*. Truly, the Golden Jubilee Year of Alpha Omicron Pi at Newcomb was one of continued service to Tulane.

The pin is the letters A O Pi superimposed; the color, cardinal; the jewel, ruby; the flower, the Jacqueminot Rose.

Officers

Founded in 1888 at Columbia, Missouri, BSO settled at Newcomb in 1929 in the form of Alpha Sigma chapter. Our colors are ruby and pink and our flowers are the Richmond and Killarney roses.

The gal with the gavel around the rooms is Nathalie Roeling, and in her absence Bev Blane maintains order as well as keeping the pledges walking the chalkline. Norma Stratz, as chief minute scribbler records those items that should make history someday, while Betty Malone mass produces tons of thank-you notes and other chapter activities—in this field we Beta Sigs can't help but boast. Dabbling freely in campus politics, we claim Norma Stratz, President of the Music School, Ethel Eaton, President of the Y.W.C.A., and Janet Levy, President of the Freshman class. Mary Jane Thompson guards the strongbox and so effectively that we promptly reward her by paying our dues whenever she appears in reg, holding the tin cup.

Our life off the campus is highlighted by the annual Formal, Easter house party, and numerous parties and feeds which we flock to on every possible occasion.

At the turn of the century when Newcomb was becoming famous for its southern belles, Chi Omega decided to join the roll call and established Rho chapter on the campus in 1900. The Chi Omegas are still holding up the tradition in that respect, but they also contribute to the college spirit with their interest in campus activities and their full schedule of sorority banquets, formals and bi-monthly suppers in their rooms.

The sorority pin is the Greek letters Chi and Omega, super-imposed, one on the other. The colors are cardinal and straw, while the white carnation is the chosen flower.

Officers

Seven years ago, in 1941, Newcomb College was invaded by a friendly group of girls known as the Delta Zetas. They founded the Beta Upsilon chapter of the national sorority comprising sixty-seven chapters. The girls brought with them their pin (Roman lamp), their jewel (diamond), and their flower (Kilarney Rose).

Ever since the Delta Zetas have been active on the Tulane campus, with their Phi Beta Kappa representatives, their cheerleaders and their participation in campus organizations.

We are especially proud of Gayle Schwarzenbach, who was crowned St. Patricia at the Engineer's Dance; of Christel Nungesser, president, who was Secretary of the Senior Class; and of Jackie Rauch, Secretary-Treasurer of the Freshman class of Commerce.

Among the many social activities, a highlight is the annual Founder's Day Banquet at which the actives, pledges, and alumnae give skits.

Under the able leadership of Christel Nungesser, Delta Zeta has made the school year a memorable one for each of its members.

Kappa Kappa Gamma was founded at Monmouth College, October 13, 1870 and Beta Omicron chapter was established at Newcomb on May 11, 1904. The fraternity colors are dark and light blue; the flower is the fleur-de-lis.

Rush week was very successful and the new pledges entertained the actives with a uproaring house party. Other highlights of the year were the annual dance, the pledge banquet, and the Founder's Day Banquet in May.

Beta Omicron is proud to claim as members Betty Turner, President of the Newcomb Honor Board, and Lanier Allingham, Corresponding Secretary of the Student Body.

Kappa Alpha Theta, founded at Indiana Asbury College (Depauw University) in Greencastle, Indiana, was the first Greek letter fraternity known among women. Alpha Phi chapter came into existence on Newcomb campus May 16, 1914. The colors are black and gold and the flower is the pansy.

A successful rush season was closely followed with a delightful "KATsup" party given by the pledges for the members. In late January actives and alumnae joined together at the annual banquet in honor of their founders. Theta's social activities are highlighted with suppers and teas and climaxed with a gala spring house—party and formal.

Alpha Phi's social service work for the year included Thanksgiving baskets, a Christmas Party for a group of orphan children, and the adoption of another little Dutch boy.

The members of Alpha Phi are frantically studying, endeavoring to maintain and better their high scholastic average (last year the Thetas held the runner-up spot).

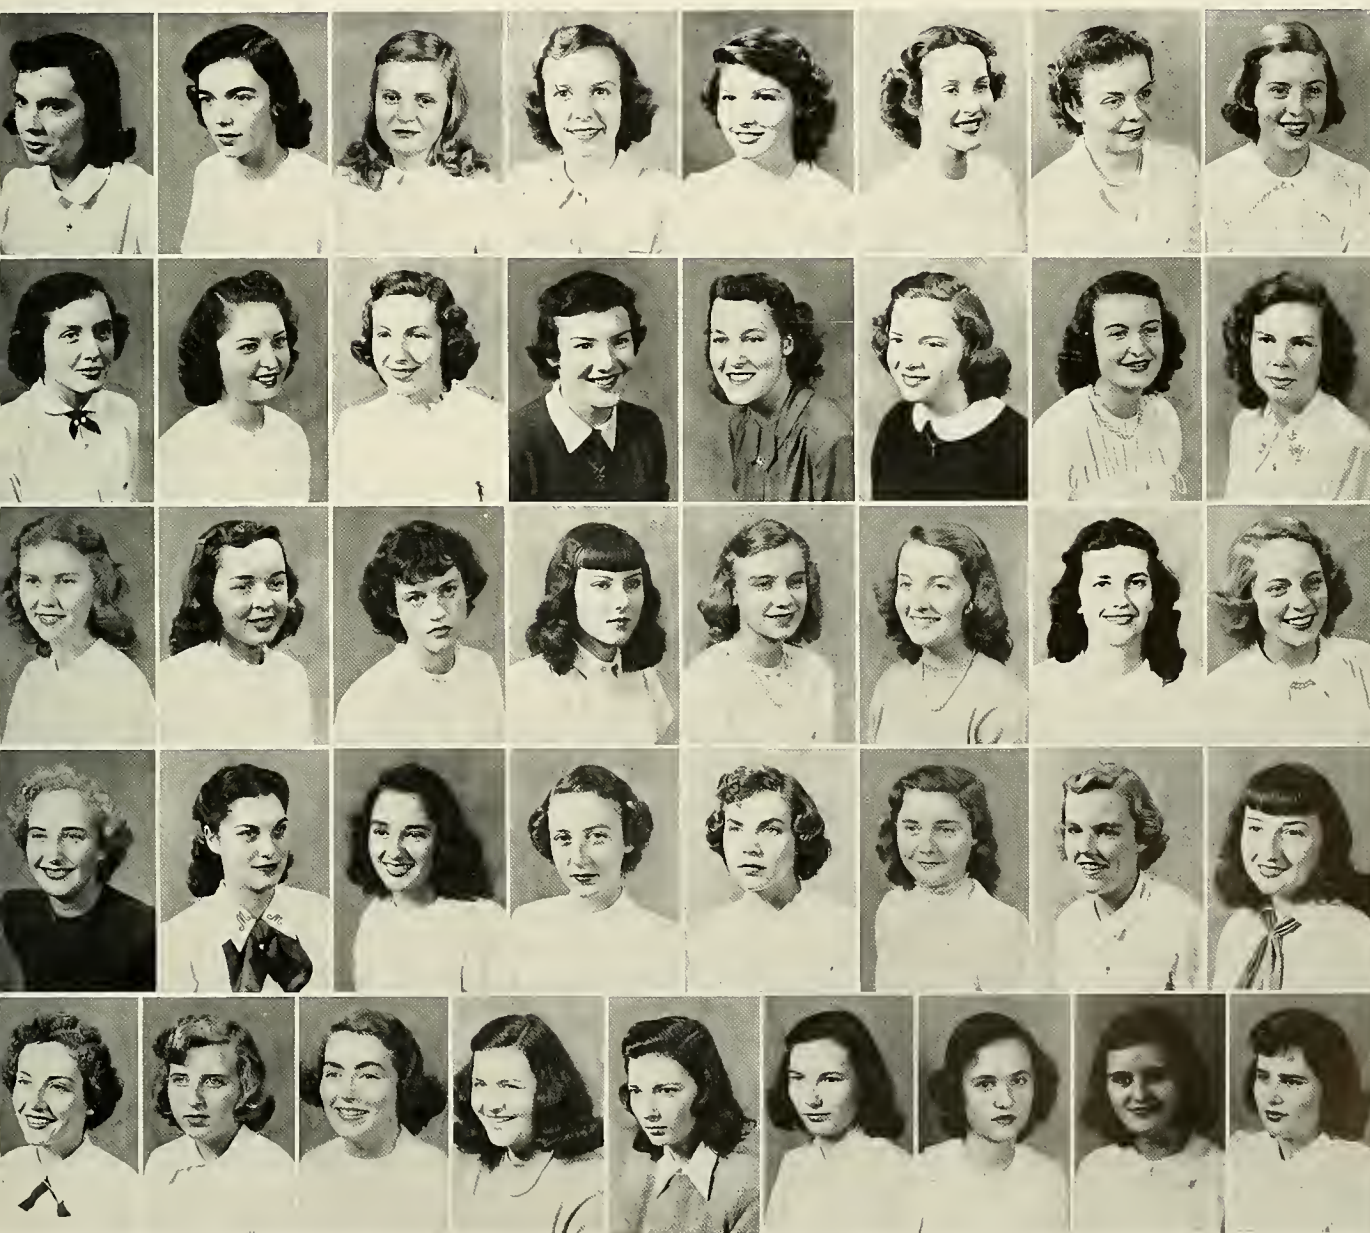

In addition to a gay social life, Kappa Alpha Theta managed to actively participate in student organization. Hazel Muller, Alpha Phi's president, was chosen to rule the Senior Class, and Hazel, Susie Smith and several others were outstanding in the Freshman Orientation Program.

Founded in 1852 at Wesleyan College in Macon, Georgia, Phi Mu is the second oldest sorority in the nation. Delta chapter came to the Newcomb campus in 1906.

This year's activities began with rushing, pledging, and a banquet following the pledging ceremony. Other events for the year included a gala house party "across the lake" . . . a Carnation Ball in January . . . a Christmas party for a group of orphans . . . teas for the Mothers and Alumnae . . . an delicious suppers given monthly by the pledges. These suppers are followed by our traditional Philoinathean Hour, a period of educational and cultural entertainment.

Phi Mu's colors are rose and white . . . the flower is the Enchantress carnation.

The Louisiana Alpha chapter of Pi Beta Phi was founded at Newcomb in 1891. Nationally, Pi Phi was founded at Monmouth College and dates back to 1867. The flower is the wine carnation; the colors are wine and silver blue.

The Pi Phis are as proud of the school officers in the chapter, such as Joan Gillis, Vice-President of the Student Body, Jeannine McGee, President of the Athletic Association, Elizabeth Nicholson, President of the Senior class, and Elizabeth Cook, President of the Sophomore class, as they are of the "Beauties", such as Violet Whitehead (also, Sweetheart of Sigma Chi), Katherine Legendre, and Gertrude Chitty.

Before the chaotic fog of rush week, organization and registration had settled down on the Pi Phis, the wonderful Pi Phi Mothers completely redecorated the small abode at 7014 Zimple Street. Not only that, but the Pi Phis now have a refrigerator!

As for the activities of the Louisiana Alpha chapter individually, the girls have a hand in every organization on the campus. Pi Beta Phi is well represented in La Tertulia, the French Club, Operetta, Festival Choir, Glee Club, Greenbackers, Lagniappes, Assets, Campus Night, Y.W.C.A., Canterbury Club and others.

Officers

Zeta Tau Alpha, the first women's fraternity to be chartered by a special act of the legislature, was founded at Virginia State Normal College, Farmville, Virginia, on October 15, 1898. Beta Kappa chapter became active here at Newcomb in 1927.

A successful rush week opened the social calendar, which included throughout the year; the Founders' Day Banquet, Spring Formal, Christmas party for orphans, and several parties and suppers, as well as numerous in formal "coke" and coffee gatherings.

Outstanding Zetas this year were: Anna Frances Jones, President of La Tertulia and a member of Phi Sigma Iota; Debbie Berry, Treasurer of La Tertulia; and Frances Kentner, Secretary of Newcomb's Pan-hellenic Council. Zeta has its share of "Beauties", and members active in such organizations as Tusk, Glee Club, Campus Night, the Operettas, the Jambalaya Staff and numerous others.

Zeta Tau Alpha's colors are turquoise blue and steel gray; its flower is the white violet.

First Row: Bosworth, Carroll, Carter, Clesi, Crosby.
 Second Row: Frazier, Groce, James, Jones, Kelly.
 Third Row: Kentner, Kyker, Maddrey, Provost, Runyan.
 Fourth Row: Sprinkle, Stroupe, White, Wild.

PHI DELTA PHI

White Inn of Phi Delta Phi International Legal Fraternity was established at Tulane in 1911. Members are selected on the basis of scholarship and ethics. Its aims are the promotion of legal training and ethics. Projects for this year include a lending library for law students needing textbooks, and the awarding of a legal

text to the Senior law student whose scholastic average has improved most from his Freshman year to his Junior year.

The national fraternity was founded in 1869 at the University of Michigan and is the oldest professional fraternity in America.

Juniors and a few scattered Seniors

The Moot Court is an important organ of the law school, designed to supplement knowledge gained by students in the classroom and the library by practical experience in the analysis, preparation, and argument of cases.

Each student in the law school is required to present two moot court cases during his freshman year. The Junior-Senior Competition is open to members of the Junior class on a voluntary basis. The climax of this elimination series, which extends through two years, is the final case which is argued before the judges of the Circuit Court of Appeals of the Parish of Orleans. The winners of the 1948-1949 competition were James F. Pennington and Philip Mansour. Their names will be inscribed on a plaque located in the lobby of Tilton Hall.

The Judges of the Moot Court are chosen in equal number from the Junior and Senior classes on a scholastic basis. It is their function to draft fact situations involving moot points of law, perform the administrative duties of the court, and sit as Justices of the Supreme Court of the State of Tulane.

Prexy Ross Buckley gives the word to C. J. and distinguished speaker

La Societe du Droit Civil was formed at Tulane in 1938 by a group of law students who were interested in extra-curricular research and discussion of Louisiana legal history and the Civil law. The interest of the Society is not confined to the legal systems of Louisiana and France, but those occupy an outstanding position in their work. The Society was not active during the war, but was reactivated in 1946 and has been one of the most active organizations around Law School since its reactivation. This year the membership is at its peak and likewise the organization has taken on more endeavors. Monthly dinner meetings are held at which time outstanding guest speakers talk to the Society and good fellowship abounds. Also a prize is awarded once a year for the best historical legal paper written by any student in the Tulane Law School. Clarence J. Morrow and Ferdinand Fairfas Stone acted as co-faculty advisers this year. The present membership has done much to improve the program in general of La Societe and is carrying on the high ideals of the Society in fine fashion.

HISTORY OF MEDICINE

Basing its selection of membership upon interest in the group, scholastic standing, faculty recommendation and group approval, the History of Medicine Society each year elects from the freshman class those fulfilling these standards. Founded in 1933, through the stimulus of Gordon Holcomb, Gres Dawson and Bernard Weinstein, the organization is primarily interested in tracing the development and factual information in its field.

At each meeting guest speakers and members of the medical school staff present paper on medical history.

An annual event is the spring banquet, at which time

the newly elected are presented with membership certificates, the officers for the next semester are introduced and awards to members are made. Among these are the Rudolph Mates Award for the best student paper presented during the year, the I. I. Lemann for the best discussion of a paper, and the B. B. Weinstein for the most outstanding individual research done by a Student member.

Officers this year have been Isadore Yager, president; Leo Horan, vice-president; Richard Smith, Secretary; Milton Eichler, Treasurer.

ALPHA OMEGA ALPHA

The society is composed of regular members consisting of medical men and women who, as undergraduates, have given promise of becoming leaders in their professions, honorary members consisting of physicians who have attained distinction in a worthy line of human endeavor, and of persons, whether physicians or not, who have gained unusual recognition in fields related to medicine.

The aims of the society are the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science and related fields; and the creation of a fund to aid deserving students in the School of Medicine of Tulane University of Louisiana.

Whoever heard of Owls studying Medicine

The Owl Club is an organization composed of twenty-four seniors in the School of Medicine elected yearly on the basis of their character, personality, scholastic interest. The purpose of the club is to promote better student-faculty relationships so that both parties may benefit from constructive criticism in order to maintain and advance scholarship, teaching, and ethics at the Medical School.

In addition, the organization is pledged to several projects, such as gathering information of aid to junior and senior students in the selection of internships, and has taken leadership in sponsoring the Tulane Medical Research Fund, for the promoting and financing of wider research at the School of Medicine.

MEDICAL PANHELLENIC

Medical School Pan Hellenic Council was established in April, 1923, with the purpose of securing cooperation among the member fraternities and for preserving standards of membership. The member fraternities are Alpha Epsilon Iota, Alpha Kappa Kappa, Nu Sigma Nu, Phi Chi, Phi Lambda Kappa, Phi Rho Sigma, Theta Kappa Psi.

The council directs and controls all medical school fraternity athletic competition and in addition it sponsors the annual Medical Pan Hellenic Dance.

Nu Sigma Nu was founded at the University of Michigan in 1882, and the Beta Iota Chapter was established at Tulane in 1910. The Chapter's beautiful and ample house is conveniently located on St. Charles Avenue and is the scene of frequent and memorable parties.

The fraternity's activities are presided over by Dick Field, ably assisted by vice-president Dick Rutland, recorded by Jim Lancaster, and reluctantly paid for by Chris Mengis.

Its chief sources of pride are its excellent library and the annual Rudolph Matas Lectureship. The latter, established in 1947, has thus far sponsored lectures by the eminent Doctors Alfred Blalock and William Menninger.

Phi Chi was founded at the University of Vermont in 1889 and has been at Tulane since 1902. Famous for quiet parties and clean skits, they point with pride to their big house and the Jeff Miller library. Jack Moore swings the gavel and Tom Davis is Presiding Junior. Ted Votteler scribbles notes and Bob Ivy collects the bills. Hank Sherrod is House Mouse, Biggest "wheels" in the chapter are Snake Moore, Tom Davis, Tommy James, and Glenn Ruffin.

Theta Kappa Psi began the new year in a new house at 1939 South Carrollton Avenue. Everyone put out a lot of elbow grease getting things ship-shape for Rush Week.

The big events of the year were the Cadaver Ball, French Quarter Party, Cejun Party, Spring Formal, and many other informal parties.

Their chief contribution to Medical Pan-Hellenic this year is its president, Jack Barry, who, also, runs things down Theta Kap way.

Alpha Kappa Kappa was founded at Dartmouth College in 1888. Alpha Beta chapter was instituted at Tulane November 24, 1903, as successor to Zeta chapter of Phi Kappa Psi. After having suffered severely during the war years from the loss of her house and many of the local alumni to the armed services, Alpha Beta was

completely reorganized last year, and with the purchase of a new house on St. Charles Ave. looks forward to a repetition of her long and honorable history. The annual house dance in April and the sporadic parties given several times each month highlighted the social season.

Alpha Epsilon Iota is the only women's medical fraternity at Tulane. Social activities this year included a "get-acquainted" picnic for the freshman girls (with beer), a Christmas party, the annual Powder Puff Ball, and the Senior Banquet in May.

Medical interest is stimulated by sponsoring a series of guest lectures with attendance open to the faculty and student body.

The Phi Rhos got their start at Northwestern University in 1890. The Delta Omicron Alpha chapter was established at Tulane in 1918. Mike Blais is the president of the group, Dave Reive is vice-president, Pete Spoto, secretary and Raul Armstrong, treasurer. This year has been full of activity, starting with the repairing and paint-

ing of the old house at Maple St. by the members themselves. The alumni were present for the house warming that followed, as well as for the after-the-game-parties and the big Halloween Dance, for which the house was beautifully decorated. Their colors are scarlet and gold.

Phi Lambda Kappa was founded on the campus of the University of Pennsylvania in 1909 by a group of 14 men. Since that historic date, the fraternity has grown rapidly. Chapters are active at forty of the nation's medical schools. The reasons for this marked spread are obvious if one could just examine the Preamble to the National Constitution. This states that the aims of Phi Lambda Kappa are to foster and maintain in the medical pro-

fession a spirit of fraternalism and of mutual aid and moral support, to promote and advance the concepts of the medical sciences, to instill and maintain in the hearts of our Fraters a love for and a loyalty to their Alma Mater and its ideals, and to inculcate such ideals as will result in actions worthy of the highest precepts of human endeavor. Psi chapter came to Tulane's campus in 1925.

Phi Delta Epsilon medical fraternity was founded at Cornell University in 1904. Alpha Iota chapter appeared on Tulane's campus in 1918. The main activities of the year centered around monthly lectures, Panhellenic activities, Saturday night parties, and picnics. Dr. Jules Davidson, distinguished alumnus, was elected Grand Consul of the National Fraternity. The fraternity was led this

year by Zelig Lieberman, president; Gerald Posner, vice-president; Lee Bruckner, secretary-treasurer. James Saft and Zelig Lieberman were Panhellenic representatives. In campus activities Zelig Lieberman was elected president of the Owl Club for the coming year; James Saft served as vice-president of the Med School Pan Hellenic; and Gerald Posner was treasurer of the sophomore class.

110 YEARS OF FINE APPAREL FOR MEN, WOMEN AND CHILDREN

Greetings to the Jambalaya From

TABASCO

The Sauce Supreme

Not only the standard of fine seasoning throughout the world for more than seventy-five years, but one of the open secrets of master chefs!

There are countless uses for TABASCO in every day dishes, but use it with discrimination—a few drops to make food tantalizing; a generous amount to make food hot.

Summertime means Barbecue Time! For that extra something in your barbecue sauce, try TABASCO—once tried, always used!
